PLANNING APPLICATIONS

Reports were submitted by the Director of Economic, Planning and Environmental Services in respect of various planning applications as detailed below.

(a) DCOI/225 - Erection of Supermarket and Parking Area between 165 and 167 Main Street, Renton

The Committee was reminded that it had been agreed at the last meeting that consideration of the application be continued in order that a site visit and a hearing may take place.

Reference was made to the site visit which had been undertaken in respect of the application on 8 January, 2002.

It was noted that the applicant was not represented at the meeting.

The Committee heard representations from Councillor Bollan, the local Member, who had requested permission to address the Committee on the application.

Representations were then heard from Mr. J. S. Purba, the leaseholder of an adjacent shop at 167 - 169 Main Street, Renton, who had submitted an objection to the application.

Mr. Stephen Gibson on behalf of both Cordale Housing Association and the Renton Community Planning Group, who had also submitted an objection to the application, was then heard. It was noted that he wished to withdraw the objection in view of a letter which he had received from Mr. Bill Clark, Head of Strategy, Department of Social Work and Housing which outlined development proposals for commercial premises within Renton which were acceptable to the Housing Association and the Planning Group. Copies of the letter referred to were circulated to Members for information.

It was noted that further objectors to the application, Rodger Tym and Partners, on behalf of Somerfield Stores Limited, were not represented at the meeting.

After hearing the Planning and Development Manager in answer to Members' questions, Councillor Robertson, seconded by Councillor Linda McColl, moved:-

That the application be approved subject to the conditions specified in the Director's report (details of which are contained in the Appendix hereto) and referred to the Scottish Executive.

As an amendment, Councillor Campbell, seconded by Councillor McCutcheon, moved:-

That the application be refused on the grounds that the proposed development would be detrimental to the community and local trade.

On a vote being taken, two Members voted for the amendment and six Members voted for the motion. The motion was accordingly declared carried.

(b) DC01/069 - Front and Side Extension to Dwellinghouse at 101 Antonine Gardens, Hardgate, Clydebank

The Committee agreed to grant planning permission subject to the conditions specified in the Director's report, details of which are contained in the Appendix hereto.

(c) DCOI/216 - Installation of Telecommunications Stub Mast Supporting 3 Antennas and 2 Microwave Dishes at BT Exchange, Miller Lane, Clydebank

Following discussion and having heard officers in answer to questions from Members, it was agreed to grant planning permission subject to the conditions specified in the Director's report, details of which are contained in the Appendix hereto.

Councillor Campbell, having failed to obtain a seconder for a proposed amendment, asked that her dissent be recorded.

(d) DC01/237 - Installation of 3 Antennas and 3 Microwave Dishes at Radnor Park Hotel, Kilbowie Road, Clydebank

The Committee heard representations from Councillor Devine, the local Member, who had requested permission to address the Committee on the application.

After discussion it was agreed, contrary to the recommendation of the Director of Economic, Planning and Environmental Services, that the application for planning permission be refused on the grounds that the installation of a further 3 antennas and 3 microwave dishes would result in unacceptable clutter on the building, would detract from the visual appearance of the building and would impact on the site and its surroundings to an extent that it would be detrimental to the amenity of the surrounding residential area.
