

Glasgow City Region – City Deal Cabinet Joint Committee

Annual Audit Plan 2020/21

 AUDIT SCOTLAND

Prepared for Glasgow City Region – City Deal Cabinet Joint Committee

April 2021

Contents

Risks and planned work	3
Audit scope and timing	6
Appendix 1: Who we are	9

Risks and planned work

1. This annual audit plan contains an overview of the planned scope and timing of our audit which is carried out in accordance with International Standards on Auditing (ISAs), the [Code of Audit Practice](#), and guidance on planning the audit. This plan sets out the work necessary to allow us to provide an independent auditor's report on the annual accounts and meet the wider scope requirements of public sector audit.

2. The wider scope of public audit contributes to assessments and conclusions on financial management, financial sustainability, governance and transparency and value for money.

3. The public health crisis caused by the coronavirus disease 2019 (COVID-19) pandemic has had a significant and profound effect on every aspect of Scottish society. Public services have been drastically affected, requiring immediate changes to the way they are provided. The impact on public finances has been unprecedented, which has necessitated both the Scottish and UK governments providing substantial additional funding for public services as well as support for individuals, businesses and the economy. It is likely that further financial measures will be needed and that the effects will be felt well into the future.

4. Public audit has an important contribution to the recovery and renewal of public services. The Auditor General, the Accounts Commission and Audit Scotland are responding to the risks to public services and finances from COVID-19 across the full range of audit work including annual audits and the programme of performance audits. Audit Scotland views 2020/21 as a transitional year, leading in future to audit timetables which were possible before COVID-19. The well-being of audit teams and the delivery of high-quality audits remain paramount. Maintaining a pragmatic and flexible approach will enable change at short notice as new issues emerge, or current risks change in significance. Where this impacts on annual audits, an addendum to this annual audit plan may be necessary.

Adding value

5. We aim to add value to the Glasgow City Region – City Deal Cabinet Joint Committee (the Cabinet) through our external audit work by being constructive and forward looking, by identifying areas for improvement and by recommending and encouraging good practice. In so doing, we intend to help the Cabinet promote improved standards of governance, better management and decision making and more effective use of resources.

Audit risks

6. Based on our discussions with staff, attendance at committee meetings and a review of supporting information we have identified the following significant risk for the Cabinet. This is a financial statements risk. The specific audit testing is detailed in [Exhibit 1](#).

Exhibit 1

2020/21 Significant audit risks

 Audit Risk	Source of assurance	Planned audit work
Financial statements risks		
1 Risk of material misstatement due to fraud caused by the management override of controls International Auditing Standards require that audits are planned to consider the risk of material misstatement in the financial statements caused by fraud, which is presumed to be a significant risk in any audit. This includes the risk of fraud due to the management override of controls.	Owing to the nature of this risk, assurances from management are not applicable in this instance.	<ul style="list-style-type: none"> • Review of the appropriateness of journal entries and other adjustments recorded in the general ledger and financial statements • Evaluate significant transactions that are outside the normal course of business • Review accounting estimates if reported in the accounts.

Source: Audit Scotland

7. As set out in ISA(UK) 240, there is a presumed risk of fraud in the recognition of income. There is a risk that income may be misstated resulting in a material misstatement in the financial statements. We have rebutted this presumed risk in 2020/21 because the Cabinet receives its income by way of member contributions. The simplicity of these transactions limits the opportunity for manipulation.

8. In line with Practice Note 10, as most public-sector bodies are net expenditure bodies, the risk of fraud is more likely to occur in expenditure. We have rebutted the risk of material misstatement caused by fraud in expenditure in 2020/21 because the majority of the Cabinet's expenditure relates to employee costs. The controls in place around the payroll system limit the opportunity for manipulation.

Reporting arrangements

9. Audit reporting is the visible output for the annual audit. All annual audit plans and the outputs as detailed in [Exhibit 2](#), and any other outputs on matters of public interest will be published on our website: www.audit-scotland.gov.uk.

10. Matters arising from our audit will be reported on a timely basis and will include agreed action plans. Draft management reports will be issued to the relevant officer(s) to confirm factual accuracy.

11. We will provide an independent auditor's report to the Cabinet and the Accounts Commission setting out our opinions on the annual accounts. We will provide the Cabinet and the Accounts Commission with an annual report on the audit containing observations and recommendations on significant matters which have arisen during the audit.

Exhibit 2

2020/21 Audit outputs

Audit Output	Target date	Committee Date
Annual Audit Plan	30 April 2021	01 June 2021
Independent Auditor's Report	30 November 2021	TBC
Annual Audit Report	30 November 2021	TBC

Source: Audit Scotland

12. The statutory deadline for certifying the annual accounts has been pushed back to the 30 November 2021. There is still considerable uncertainty around the impact of Covid-19 and therefore, our approach when necessary will be flexible. Whilst we will do our best to achieve the statutory deadlines, we are unable to make any definitive commitments to meeting them at this early stage of the audit. We will continue our ongoing and regular dialogue with finance staff to ensure they, and we, remain signed on these challenges.

Audit fee

13. The proposed audit fee for the 2020/21 audit of the Cabinet is £8,600 (2019/20: £8,410). In determining the audit fee we have taken account of the risk exposure of the Cabinet, the planned management assurances in place and the level of reliance we plan to take from the work of internal audit. Our audit approach assumes receipt of the unaudited annual accounts, with a complete working papers package by 30 June 2021.

14. Where our audit cannot proceed as planned through, for example, late receipt of unaudited annual accounts or being unable to take planned reliance from the work of internal audit, a supplementary fee may be levied. An additional fee may also be required in relation to any work or other significant exercises out with our planned audit activity.

Responsibilities

Joint Committee and Executive Director of Finance

15. Audited bodies have the primary responsibility for ensuring the proper financial stewardship of public funds, compliance with relevant legislation and establishing effective arrangements for governance, propriety and regularity that enable them to successfully deliver their objectives.

16. The audit of the annual accounts does not relieve management or the Joint Committee, as those charged with governance, of their responsibilities.

Appointed auditor

17. Our responsibilities as independent auditors are established by the 1973 Act for local government, and the Code of Audit Practice (including supplementary guidance) and guided by the Financial Reporting Council's Ethical Standard.

18. Auditors in the public sector give an independent opinion on the financial statements and other information within the annual. We also review and report on the arrangements within the audited body to manage its performance and use of resources. In doing this, we aim to support improvement and accountability.

Audit scope and timing

Annual accounts

19. The annual accounts, which include the financial statements, will be the foundation and source for most of the audit work necessary to support our judgements and conclusions. We also consider the wider environment and challenges facing the public sector. Our audit approach includes:

- understanding the business of Glasgow City Region – City Deal Cabinet Joint Committee and the associated risks which could impact on the financial statements
- identifying major transaction streams, balances and areas of estimation and understanding how the Cabinet will include these in the financial statements
- assessing the risks of material misstatement in the financial statements
- determining the nature, timing and extent of audit procedures necessary to provide us with sufficient audit evidence as to whether the financial statements are free of material misstatement.

20. We will give an opinion on whether the financial statements:

- give a true and fair view in accordance with applicable law and the 2020/21 Code, of the state of affairs of the Cabinet as at 31 March 2021 and of its income and expenditure for the year then ended
- have been properly prepared in accordance with the IFRSs as adopted by the European Union, as interpreted and adapted by the 2020/21 Code
- have been prepared in accordance with the requirements of the Local Government (Scotland) Act 1973, the Local Authority Accounts (Scotland) Regulations 2014, and the Local Government in Scotland Act 2003.

Statutory other information in the annual accounts

21. We also review and report on statutory other information published within the annual accounts including the management commentary and annual governance statement. We give an opinion on whether these have been compiled in accordance with the appropriate regulations and frameworks in our independent auditor's report.

22. We also review the content of the annual report for consistency with the financial statements and with our knowledge. We report any uncorrected material misstatements in statutory other information.

Materiality

23. We apply the concept of materiality in planning and performing the audit. It is used in evaluating the effect of identified misstatements on the audit, and of any uncorrected misstatements, on the financial statements and in forming our opinions in the independent auditor's report.

24. We calculate materiality at different levels as described below. The calculated materiality values for the Cabinet are set out in [Exhibit 3](#).

Exhibit 3

Materiality values

Materiality	Amount
Planning materiality – This is the figure we calculate to assess the overall impact of audit adjustments on the financial statements. It has been set at 2% of gross expenditure for the year ended 31 March 2020 based on the latest audited accounts.	£27,500
Performance materiality – This acts as a trigger point. If the aggregate of errors identified during the financial statements audit exceeds performance materiality this would indicate that further audit procedures should be considered. Using our professional judgement, we have calculated performance materiality at 75% of planning materiality.	£20,600
Reporting threshold (i.e., clearly trivial) – We are required to report to those charged with governance on all unadjusted misstatements more than the 'reporting threshold' amount. This has been calculated at 5% of planning materiality.	£1,400

Internal audit

25. Internal audit is provided by the internal auditors of Glasgow City Council. As part of our planning process we carry out an annual assessment of the internal audit function to ensure that it operates in accordance with the main requirements of the Public Sector Internal Audit Standards (PSIAS). ISA (UK)610 requires an assessment on whether the work of the internal audit function can be used for the purposes of external audit. This includes:

- the extent to which the internal audit function's organisational status and relevant policies and procedures support the objectivity of the internal auditors
- the level of competence of the internal audit function
- whether the internal audit function applies a systematic and disciplined approach, including quality control.

26. We will report any significant findings to management on a timely basis.

Audit dimensions

27. Our standard audits are based on four audit dimensions that frame the wider scope of public sector audit requirements. These are: financial sustainability, financial management, governance and accountability and value for money.

28. The Code of Audit Practice includes provisions relating to the audit of small bodies. Where the application of the full wider audit scope is judged by auditors not to be appropriate to an audited body then the annual audit work can focus on the appropriateness of the disclosures in the governance statement and the financial sustainability of the body and its services. In the light of the volume and lack of complexity of the financial transactions, we plan to apply the small body provisions of the Code to the 2020/21 audit of the Cabinet.

29. We will therefore undertake annual audit work on the wider scope that enables conclusions to be reached on:

- the appropriateness of the disclosures in the annual governance statement

- the financial sustainability of the Cabinet and the services it delivers over the medium to long term.

30. We will review the annual governance statement and assess the financial sustainability of the Cabinet as part of our financial statements audit. Conclusions on these matters will be reported accordingly in our Annual Audit Report.

31. As part of our work this year, we will broaden our consideration of these matters in light of the impact of the COVID-19 pandemic.

Independence and objectivity

32. Auditors appointed by the Accounts Commission or Auditor General must comply with the Code of Audit Practice and relevant supporting guidance. When auditing the financial statements auditors must also comply with professional standards issued by the Financial Reporting Council and those of the professional accountancy bodies. These standards impose stringent rules to ensure the independence and objectivity of auditors. Audit Scotland has robust arrangements in place to ensure compliance with these standards including an annual “fit and proper” declaration for all members of staff. The arrangements are overseen by the Director of Audit Services, who serves as Audit Scotland’s Ethics Partner.

33. The engagement lead (i.e. appointed auditor) for the Cabinet is Stephen O’Hagan, Senior Audit Manager. Auditing and ethical standards require the appointed auditor to communicate any relationships that may affect the independence and objectivity of audit staff. We are not aware of any such relationships pertaining to the audit of the Cabinet.

Quality control

34. International Standard on Quality Control 1 (ISQC1) requires that a system of quality control is established, as part of financial audit procedures, to provide reasonable assurance that professional standards and regulatory and legal requirements are being complied with and that the independent auditor’s report or opinion is appropriate in the circumstances.

35. The foundation of our quality framework is our Audit Guide, which incorporates the application of professional auditing, quality and ethical standards and the Code of Audit Practice (and supporting guidance) issued by Audit Scotland and approved by the Auditor General for Scotland. To ensure that we achieve the required quality standards Audit Scotland conducts peer reviews and internal quality reviews. Additionally, the Institute of Chartered Accountants of Scotland (ICAS) have been commissioned to carry out external quality reviews.

36. As part of our commitment to quality and continuous improvement, Audit Scotland will periodically seek your views on the quality of our service provision. We welcome feedback at any time and this may be directed to the engagement lead.

Appendix 1: Who we are

The Auditor General, the Accounts Commission and Audit Scotland work together to deliver public audit in Scotland:

- The Auditor General is an independent crown appointment, made on the recommendation of the Scottish Parliament, to audit the Scottish Government, NHS and other bodies and report to Parliament on their financial health and performance.
- The Accounts Commission is an independent public body appointed by Scottish ministers to hold local government to account. The Controller of Audit is an independent post established by statute, with powers to report directly to the Commission on the audit of local government.
- Audit Scotland is governed by a board, consisting of the Auditor General, the chair of the Accounts Commission, a non-executive board chair, and two non-executive members appointed by the Scottish Commission for Public Audit, a commission of the Scottish Parliament.

About us

Our vision is to be a world-class audit organisation that improves the use of public money.

Through our work for the Auditor General and the Accounts Commission, we provide independent assurance to the people of Scotland that public money is spent properly and provides value. We aim to achieve this by:

- carrying out relevant and timely audits of the way the public sector manages and spends money
- reporting our findings and conclusions in public
- identifying risks, making clear and relevant recommendations.
