

## **WEST DUNBARTONSHIRE COUNCIL**

### **Report by the Executive Director of Housing, Environmental and Economic Development**

**Planning Committee: 10 January 2012**

---

**Subject: Allocation of street name within Clydebank Business Park, Clydebank**

#### **1. Purpose**

- 1.1** To allocate a street name to an existing service road accessed from North Avenue within Clydebank Business Park.

#### **2. Background**

- 2.1** Labelgraphics Limited are currently constructing a new two storey production and warehouse unit on a vacant site within Clydebank Business Park. The new site will be accessed from an existing unnamed service road at the westmost end of North Avenue and as a result of the development the road requires to be named.

#### **3. Main Issues**

- 3.1** Labelgraphics Ltd. have suggested a street name for consideration. They have suggested Mulvenny Court; in recognition of the work carried out by their founder and current chairman Alex Mulvenny MBE. Elsewhere within Clydebank Business Park the names of Engineers have been used as a theme for naming streets. A suitable name for consideration which would follow the engineer theme is Murdoch; after Scottish Engineer William Murdoch who was involved in the application of gas lighting, as well as steam engine and locomotive design.

#### **4. People Implications**

- 4.1** There are no personnel issues.

#### **5. Financial Implications**

- 5.1** There are no financial implications

#### **6. Risk Analysis**

- 6.1** There are no known risks to the Council.

#### **7. Equalities Impact Assessment (EIA)**

7.1 There are no issues identified

## **8. Strategic Assessment**

8.1 The allocation of a street name to this road does not directly contribute to any of the Council's strategic priorities.

## **9. Conclusions and Recommendations**

9.1 A new street name requires to be allocated to the currently unnamed service road accessed from North Avenue, Clydebank

9.2 It is recommended that the name Murdoch Drive be allocated to this road.
