## **Foreword**

This policy statement is the first one published by the West Dunbartonshire Licensing Committee on Short-Term Lets.

This policy statement will be reviewed and revised when necessary.

DRAFT

## 1. Background

- 1.1. On 19 January 2022, The Civic Government (Scotland) Act 1982 (Licensing of Short-term Lets) Order 2022 (**“the Order”**) was approved by the Scottish Parliament. The Order came into force on 1 March 2022 and inserts new legislative provisions into the Civic Government (Scotland) Act 1982 (**“the Act”**).
- 1.2. The Order introduces a new mandatory licensing system for short-term lets which local authorities are required to establish by 1 October 2022.
- 1.3. Prior to the introduction of the legislation, there was no requirement to license short-term lets and, therefore, local authorities did not have the ability to regulate these types of premises.
- 1.4. The licensing scheme was brought in by the Scottish Government with the aim to ensure short-term lets are safe, address issues faced by neighbours and to facilitate local authorities knowledge and understanding of what is happening in their area. It also enables local authorities to ensure the people providing short-term lets are suitable and allows them to handle complaints effectively. The legislation aims to make sure that the economic and tourism benefits from short-term lets are balanced with the needs and concerns of local communities.

## 2. Timescales for applying

- 2.1. From 1 October 2022, new hosts and operators will need to have a licence. This means that, if you were not using your premises to provide short-term lets before 1 October 2022, you can advertise but not take bookings or receive guests until you have obtained a licence.
- 2.2. Existing hosts or operators (those using accommodation to provide short-term lets before 1 October 2022) have until 1 April 2023 to apply for a licence. During this period you can operate without a licence (by continuing to take bookings and receive guests) unless your licence application has been determined and refused.
- 2.3. After 1 April 2023, existing hosts can only continue to operate if they have submitted an application for a licence on or before 1 April 2023 that has not yet been determined or been granted a short-term let licence.

West Dunbartonshire Council is the Licensing Authority for West Dunbartonshire in relation to a wide range of activities. The responsibility of licensing certain activities, including Short-Term Lets (“STL”) is delegated to the Licensing Committee (“**the Committee**”).

Please note that if you have an HMO licence for your property, you would still need a short-term let licence if it is also to be used for short-term lets. This is the case whether or not you live at the premises covered by your HMO licence.

There are four types of licences for short-term let accommodation. Any licence granted must be for either:

1. Secondary letting;
2. Home letting;
3. Home sharing; or
4. Home letting and home sharing

A separate licence is required for each of your premises. However, a single licence may be issued in respect of unconventional accommodation where there is more than one separately bookable property on the site.

You do not need a separate licence for short-term lets within the same dwellinghouse. For example, if you are letting out two rooms in your home, that would be covered by one licence.

#### 4. Application and notification

- 4.1. All applicants for the grant, variation and renewal of a STL Licence, irrespective of the type of STL Licence being applied for (Secondary Letting, Home Letting, Home Sharing; or Home Letting and Home Sharing) must complete the STL Licence application form available online at *[insert once finalised]* together with the appropriate documentation and fee. Please see section 4.7 in relation to the appropriate documentation and section 19 in relation to the appropriate fee.
- 4.2. An application for a STL Licence, under the legislation, can be made by a person other than the owner of the premises. Where this is the case the applicant must ensure they provide the relevant consents from the owner(s) as detailed in section 4.7(d).
- 4.3. Part of the application form will require the applicant to provide a declaration to the Licensing Authority that they can comply with the mandatory conditions attached to a STL Licence, including all the documentation detailed within these conditions. Further information on the mandatory conditions can be found at Appendix 3.
- 4.4. Applicants should be mindful that the Licensing Authority can request any documentation referred to in the mandatory conditions at any time during the consideration of an application or the period of the licence, if granted. Applicants should also note that a breach of a condition is a criminal offence under the Act.
- 4.5. If an applicant has had a STL Licence application refused by the Licensing Authority then the applicant cannot apply for a STL Licence within one year of the date of the refusal unless there has been a material change of circumstances. An applicant who has been refused must contact the Licensing Section by email at [licensing@west-dunbarton.gov.uk](mailto:licensing@west-dunbarton.gov.uk) if they wish to apply within the year of the date of refusal. The Licensing Authority determines if the change is material, not the applicant.
- 4.6. Applicants who operated a STL prior to 1 October 2022 will be given a provisional STL Licence Number if their STL Licence application is submitted to the Licensing Authority, with all the required documentation as detailed in section 12.2 below, before 1 April 2023. This is to enable those operators to continue to operate a STL while their application is being considered. It should also be noted that this provisional STL Licence Number will cease when the application is determined.
- 4.7. Applicants should be aware that an application will not be accepted and processed without the following documentation (where applicable):
- a) Planning Permission or a Certificate of Lawfulness – where the

Council establishes a short-term let control area, as explained in section 17, a host or operator must make an application for planning permission or already have planning permission before they apply for a STL Licence.

- b) Floor/Layout Plan - All applicants for the grant of a STL licence will be required to submit a floor plan of the premises, scale 1: 50 showing at least the following:

  - ii. Room sizes, including bedrooms;
  - iii. Fire escapes;
  - iv. Location of heat/smoke alarms;

For renewal applications, where there has been no change to the layout of the premises a floor plan would not be required with the application.

For variation applications, where the variation relates to a change to the layout of the premises, a floor plan would be required with the application.

- c) Evidence of Operation as a STL before 1 October 2022 – where an applicant has been operating a STL before 1 October 2022, the applicant will be required to certify this when submitting a STL licence application. Checks to establish this may be made by the Licensing Authority.
- d) Consent from Owner(s) – where the applicant is not the owner, the applicant must provide consent from the owner ,or if the title to the premises is held by more than one owner, all owners or a person authorised to act on behalf of the owner(s). Where the premises is owned by more than one person (shared ownership) all owners will have to declare that they consent to the application, if one owner is submitting the application. These declarations would be required to be submitted with the application.

**4.8.** Under the terms of the Act, all applicants who apply for a short-term let licence must display a notice at or near the premises, in a place where it can conveniently be read by the public, for a period of 21 consecutive days beginning with the date on which the application was submitted to the Licensing Authority.

**4.9.** The notice will include the following information, as required by the Act:

- a) The type of licence applied for (Secondary Letting, Home Letting, Home Sharing or Home Letting and Home Sharing);

- e) The number of rooms providing sleeping accommodation within the premises;

- g) The name and address of the owner(s) where the applicant is not the owner of the premises or the land on which the premises is located;

- i) Where objections and representations in relation to the application can be made to, the 28 day timescale for submitting an objection or representation and the statutory requirements of an objection or representation (in writing, providing name and address etc). Further information in relation to objections and representations can be found at section 5.

**4.10.** In terms of the consultees, the Licensing Authority will send a copy of all applications received to the following consultees:

- a) Police Scotland (statutory consultee); and
- b) Scottish Fire and Rescue Service (statutory consultee).
- c) Elected Members for the area; and

**4.11.** All personal data will be processed in line with the Council's privacy notices, found here: <https://www.west-dunbarton.gov.uk/privacy/>

## **5. Objections and representations**

**5.1.** The Act permits any member of the public to submit an objection or representation to the grant or renewal of a STL licence application (excluding temporary licences).

**5.3.** Anonymous objections or representations will not be considered.

**5.4.** Objections and representations will be taken into account by the Committee when considering a STL licence application.

**5.5.** Although the Licensing Authority is under a duty to consider any objections or representations made within 28 days of the application, it does have discretion to hear late objections and representations provided it is satisfied with the reasons for lateness. Where a late objection or representation has been received it will be passed to the applicant to enable them to consider it in case the Committee determine to hear the late objection/representation.

**5.6.** The objection should be relevant to the statutory grounds that can be taken into consideration when refusing an application. These are set out in Paragraph 5(3) of Schedule 1 of the Act and are:

- a) The applicant or, where the applicant is not a natural person, any director of it or partner in it or any other person responsible for its management, is either –
  - i. for the time being disqualified under section 7(6) of this Act, or
  - ii. not a fit and proper person to be the holder of the licence;
- b) the activity to which it relates would be managed by or carried on for the benefit of a person, other than the applicant, who would be refused the grant or renewal of such a licence if he made the application himself;
- c) where the licence applied for relates to an activity consisting of or including the use of premises or a vehicle or vessel, those premises are not or, as the case may be, that vehicle or vessel is not suitable or convenient for the conduct of the activity having regard to –
  - i. the location, character or condition of the premises or the character or condition of the vehicle or vessel;
  - ii. the nature and extent of the proposed activity;
  - iii. the kind of persons likely to be in the premises, vehicle or vessel;
  - iv. the possibility of undue public nuisance; or
  - v. public order or public safety; or
- (ca) the applicant would not be able to secure compliance with-
  - i. the mandatory licence conditions, and
  - ii. the standard conditions and any further conditions

- under sub-paragraph (1A)(b) to which the licence is to be subject,
- (cb) the application does not contain the information required under 1(2)(da) or (db) (the consent of the owners of the premises); or
- d) there is other good reason for refusing the application;

**5.7.** It should detail clearly the reasons for the objection/representation and why the applicant and/or the premises are not suitable.

**5.8.** A copy of the objection or representation will be provided to the applicant and will include your name and address. All personal data will be processed in line with the following privacy notice: <https://www.west-dunbarton.gov.uk/privacy/>

## **6. Determination of application**

**6.1.** Everybody named on the application form will be subject to the fit and proper test. Every application form will require consultation with Police Scotland who will carry out background checks.

**6.2.** Licensing authorities are responsible for determining whether you are a fit and proper person to be the holder of a licence for short-term lets. Consideration will be given to a wide range of information including relevant criminal convictions, other relevant information provided by Police Scotland, any previous disqualifications from being a private landlord, previous revocations of a HMO licence and providing false or misleading information in your application form.

**6.3.** If there are no objections or adverse representations to a short-term let licence application, the application will be determined under delegated powers by the Chief Officer – Regulatory & Regeneration.

**6.4.** If an objection or adverse representation is submitted in relation to the short-term let licence application, the application will be subject to a hearing at a meeting of the West Dunbartonshire Council Licensing Committee.

**6.5.** The person submitting the objection or representation will be invited to attend the meeting of the West Dunbartonshire Licensing Committee and speak to their objection/representation. You will be given at least 14 days' notice of the hearing date.

**6.6.** The applicant or their representative will also be invited to attend the meeting and given the opportunity to state why the application should be granted.

**6.7.** The Committee will be able to ask questions of both parties and, thereafter, decide whether to grant or refuse the application. The

grounds for refusing an application are set out at section 5.6 above.

- 6.8. Applications will be heard in public unless required to be taken privately on the grounds of disclosure of exempt information as defined in Paragraph 3 of Part 1 of Schedule 7A of the Local Government (Scotland) Act 1973
- 6.9. A copy of the Council's hearing procedure can be found at **Appendix 2**.
- 6.10. Both the applicant and the person(s) making an objection/representation can request a statement of reasons for the decision within 21 days of the date of the decision. The statement of reasons will be produced by the West Dunbartonshire Council Section Head Licensing within 10 days of that request.
- 6.11. If your application for a licence is refused, you cannot reapply for a licence within 1 year of that decision, unless there has been a material change in your circumstances since then.

## 7. **Right of appeal**

- 7.1. Applicants should note that where their STL Licence application has been refused by the Licensing Authority they do have a right of appeal under the Act. An appeal should be made to the Sheriff Court within 28 days from the date of the refusal. Where an appeal has been lodged the STL Licence will continue in effect until such time as the appeal has been determined.
- 7.2. Applicants should note that the Licensing Authority is unable to give any legal advice in relation to appealing a decision and as such it is recommended that they seek independent legal advice on the matter.
- 7.3. The Licensing Authority will determine each application on its own merits.

## 8. **Licence duration and renewal**

- 8.1. The duration of the licence applies from the date on which the licence comes into force. This will be specified on the licence together with the expiry date of the licence.
- 8.2. When an application is made to renew a licence timeously, the existing licence will continue in effect until such time as a decision is made on the renewal application.
- 8.3. A licence shall have effect-

- for a period of 3 years from the date when it comes into force; or
- for such shorter period as the licensing authority may decide at that time when they grant; or
- for such longer period as the licensing authority may decide at the time when they renew a short-term let licence

**8.4.** The Scottish Government's guidance for licensing authorities on short-term lets has made it clear that licensing authorities are encouraged to renew licences for a period of 3 years, unless they have good reasons to do otherwise.

**8.5.** Whilst, each application will be decided on its own merits, it is not anticipated that licences will be renewed for a period of longer than 3 years.

## **9. Licence conditions**

**9.1.** The Act sets out a number of mandatory licence conditions that apply to all short-term let across Scotland. A list of these conditions can be found at **Appendix 3**. It should be noted that the Licensing Authority has no power to amend these mandatory conditions.

**9.2.** In addition to the mandatory licence conditions that apply to all short-term lets, the Licensing Authority may impose additional conditions. These enable the Licensing Authority to respond to local challenges and concerns relative to specific types of short-term letting.

**9.3.** There are a number of additional conditions that may apply to all short-term let properties. There also some specific additional condition that may only apply to certain types of short-term let properties or to properties following investigation of concerns. A list of some style additional licence conditions which may apply to your short-term let licence can be found at **Appendix 4**.

**9.4.** One of the mandatory conditions that is attached to all STL Licences is that the licence holder must ensure that the number of guests residing on the premises does not exceed the number specified in the licence.

**9.5.** All grant applications will ask the applicant to confirm the number of guests they would like to accommodate in the premises. The Licensing Authority do however have to provide a maximum number of guests who can stay on the premises at any one time on the STL Licence when it is issued. This is known as the "maximum capacity". The Licensing Authority, taking into account the information provided on the application form and layout plan, will calculate the maximum capacity in the following way:

The maximum number of persons in relation to a premises is whichever is the less of:

- (a) The number specified in Table 1 below in relation to the number of rooms in the house available as sleeping accommodation for guests, and
- (b) The aggregate for all such rooms in the premises of the numbers specified in column 2 of Table 2 in relation to each room of the floor area specified in column 1.

**9.6.** It should be noted that no account shall be taken for the purposes of either Table, of a room having a floor area of less than 50 square feet.

**9.7.** It should be noted that a room is available as sleeping accommodation if it is of a type normally used in the premises as a living room or as a bedroom. The Licensing Authority will not include children under 2 years of age when calculating the maximum capacity.

Table 1

Number of Rooms	Number of Persons
1	2
2	3
3	5
4	7
5+	2 for each room

Table 2

Column 1 – Floor Area of Each Bedroom	Column 2 – Number of Persons
90 sq. ft. (8.36 sq. m.) or more	2
50 sq. ft. (4.65 sq. m.) or more but less than 90 sq. ft. (8.36 sq. m.)	1

## **10. Temporary Exemptions**

**10.1.** Given one of the reasons behind STL legislation being introduced is to ensure basic safety standards are in place across all STL, the Committee may agree that on this basis, no temporary exemptions will be granted. This would mean that where a person is using their premises as a STL, at any time throughout the year, a STL licence would be required.

**10.2.** The Licensing Authority may however, grant temporary exemptions for national events within West Dunbartonshire.

- 10.3.** The Licensing Authority is aware of the statutory requirement to keep its temporary exemption policy under review and to publish it every three years.

## **11. Temporary Licences**

- 11.1.** The Committee is aware that under the Act, temporary STL Licences could be applied for however, it is further aware that with temporary licences there is a limited consultation process when compared to a full licence. With a temporary licence application there would be no requirement to display a site notice, no opportunity for objections or representations to be received other than from the statutory consultees.
- 11.2.** In addition the only bodies the Licensing Authority would consult with under the legislation is Police Scotland and Scottish Fire and Rescue Service. Given a full consultation would not be undertaken, the Committee may agree not to accept any Temporary STL Licence applications and instead require a full STL Licence to be applied for as detailed at section 4. This would mean that all STL licence applications would be subject to the full consultation process as detailed in section 4.

## **12. Unlicensed Short-Term Lets**

- 12.1.** It is a criminal offence under the Act to operate a STL without a STL Licence. The Licensing Authority has no power to take any action against unlicensed STL.
- 12.2.** Complaints about suspected unlicensed hosts/operators should be directed to Police Scotland.

## **13. Complaints and Enforcement**

- 13.1.** The Scottish Government has set out the following timescales for hosts and operators. Please note the rules are different depending on whether you are a new host/operator or an existing host/operator:
- a) New Hosts/Operators:
    - i. From 1 October 2022 you **cannot** accept bookings until you have obtained a short-term let licence
    - ii. From 1 October 2022, you **cannot** operate while your short-term let application is being determined
  - b) Existing Hosts/Operators:
    - i. Existing hosts/operators must apply for a short-term let licence by 1 April 2023, at the latest.
    - ii. If you have been trading on or before 30 September

2022, you may continue to accept bookings from 1 October 2022 but only if you have made a licence application by 1 April 2023.

- iii. You can continue to operate for the time it takes for your licence application to be finally determined.
  - iv. A provisional licence number will be provided to you on receipt of a licence application,
  - v. By 1 July 2024 you should not be trading unless you have been granted a full licence
- c) A public register will be maintained of licensed short-term lets by the Council. This will allow members of the public to check the licensing status of a premises being used as a short-term let.

### **13.2. Licensed short-term lets**

- a) Hosts and operators must ensure that any advert or listing placed on or after they are granted a licence includes their licence number.
- b) Hosts and operators must ensure that they comply with all the mandatory and any additional conditions on their licence. It is a criminal offence to fail to comply with a licence condition if a licence holder has not used all due diligence to prevent the offence.
- c) It is also a criminal offence for a licence holder, without reasonable cause, to fail to notify the licensing authority of a material change of circumstances.
- d) The Council may undertake premises site visits as part of the application process and throughout the duration of the licence to ensure compliance with licence conditions.

### **13.3. Complaints about licensed short-term lets**

- a) It is essential that licensed STL are operated in accordance with the Act and the licence conditions. The complaints procedure under the Act represent a key protection for the community where problems relating to the operation of a STL cannot be resolved amicably by the licence holder and the complainer.
- b) A complaint must be relevant to the matters that the Council can take into consideration. Frivolous or vexatious complaints will not be considered.
- c) The Council can consider matters relating to the suitability of the licence holder, threats to public safety or public order or whether a condition of the licence has been contravened.

- d) These issues would include a host/operator exceeding the number of people staying at the premises, serious disturbance or antisocial behavior or concerns about the maintenance and safety of the premises.
- e) Please note that the Council cannot consider complaints in relation to the quality of a guest's stay or specific contractual matters between the guest and the host/operator as this is outside the scope of the licensing scheme.
- f) Complaints will aim to be acknowledged within 5 working days. A full response advising you of the outcome may take some time if the complaint requires further investigation. The complaint may also need to be directed to other departments within the Council such as Planning, Environmental Health or other services such as Police Scotland or Scottish Fire and Rescue Service for input. Complainants will be kept up to date with progress if there is a delay in a full response being provided.
- g) Premises site visits may be undertaken by the Council as part of an investigation into a complaint.
- h) Information on how to make a complaint can be found at [www.

#### **13.4. Enforcement**

- a) It is possible that some complaints may require enforcement action from the Council.
- b) The Act provides for several options for enforcement action if justified. This includes additional licence conditions being attached, enforcement notices or variation, suspension or revocation of the licence or in more serious circumstance pursuing a prosecution.
- c) An enforcement notice must set out the matters constituting a breach or likely breach, the action required to rectify or prevent the breach and the date by which the action must be taken.
- d) If the matter is not addressed satisfactorily by the licence holder, the Council may then consider a variation, suspension or revocation of the licence.
- e) You will not be charged a fee for a routine visit. However, you may be charged if a follow up visit is necessary because you have breached one of your licence conditions.

**14. Variation of a licence**

- 14.1.** A licensing authority may, at any time, whether or not upon an application made to them by the holder of the licence, vary the terms on any grounds they think fit.
- 14.2.** A variation application cannot, however, be used to substitute a new holder of the licence for the existing one i.e. effectively to transfer a licence.

**15. Suspension or revocation of a licence**

- 15.1.** A licensing authority may, whether upon a complaint made to them or not, suspend or revoke a licence.
- 15.2.** Before immediately suspending, the Licensing Authority will consult with Police Scotland and Scottish Fire and Rescue Service.
- 15.3.** The grounds for further suspending or revoking a STL licence are detailed under Paragraph 11 of Schedule 1 of the 1982 Act. These are:
  - a) the holder of the licence or, where the holder is not a natural person, any director of it or partner in it or any other person responsible for its management, is not or is no longer a fit and proper person to hold the licence;
  - b) the activity to which the licence relates is being managed by or carried on for the benefit of a person, other than the licence holder, who would have been refused the grant or renewal of the licence under paragraph 5(3);
  - c) the carrying on of the activity to which the licence relates has caused, is causing or is likely to cause undue public nuisance or a threat to public order or public safety;
  - d) a condition of the licence has been contravened.
- 15.4.** After an immediate suspension has taken place the licence holder will be given an opportunity to attend a hearing before Committee in relation to the matter which triggered the suspension. The Committee, after hearing from the licence holder and/or a representative of Police Scotland/Scottish Fire and Rescue Service, would determine whether to suspend for a further period, revoke the licence or take no further action. This hearing would be within 6 weeks of the immediate suspension.
- 15.5.** The period of suspension can be the unexpired portion of the duration of the licence, or such shorter period as the licensing authority may fix. The effect of the suspension shall be that the licence shall cease to have effect during the period of suspension.

## **16. Third party accreditation**

- 16.1.** The Council will consider third party evidence, accreditation or certification from certain approved bodies to demonstrate compliance with the mandatory and any additional conditions of a licence.
- 16.2.** The Council will also consider the provision of supporting documentation being provided through suitable third-party platforms. Applicants will be expected to provide a link to the database with the supporting documentation in lieu of uploading the documents as part of the application process.

## **17. Planning permission**

- 17.1.** Under The Town and Country Planning (Short-term Let Control Areas) (Scotland) Regulations 2021 the Planning Authority can introduce Short-term Let Control Zones which would require any change of use for a premises to obtain planning permission. In addition, Short-term Let Control Areas would require all STL Licence applications, for any of the four types of licences to have planning permission (where required) before applying for a licence. The Loch Lomond and the Trossachs National Park Planning Authority will be responsible for introducing any Short Term Control Areas in the part of West Dunbartonshire falling within the National Park (i.e. the Balloch and Gartocharn areas); and the WDC Planning Authority will be the responsible Planning Authority for the remainder of West Dunbartonshire.
- 17.2.** At present there are no Short-term Let Control Areas in place in West Dunbartonshire.
- 17.3.** If any Short-term Let Control Areas are introduced in West Dunbartonshire in the future then applicants and licence holders should note that where planning permission may not be required at present for a STL Licence, this position could change.
- 17.4.** These licence holders should note that it is a mandatory condition of a STL licence that if the premises falls within a Short-Term Let Control Area, the licence holder must ensure that an application for planning permission under the Town and Country Planning (Scotland) Act 1997 has been made or is in force.
- 17.5.** This means that if a Short-Term Let Control Area is introduced during the period of your STL Licence, where planning permission was not initially required at the time of applying and being granted a STL Licence, you would have to apply for planning permission. If you did not apply for planning permission or a certificate of lawfulness as applicable, or if you continued operating your STL once planning permission or a certificate had been refused you would be in breach of a licence condition and enforcement action may be taken.

- 17.6.** The purpose of control areas is to help planning authorities manage high concentrations of secondary letting (where it affects the availability of residential housing or the character of a neighbourhood) and to restrict or prevent short-term lets in places or types of buildings where it is not appropriate.
- 17.7.** Outside of a control area, it is for the planning authority to consider whether any change of use of a dwelling house is material and, therefore, requires planning permission. This is determined on a case by case basis.
- 17.8.** Hosts and operators must comply with both planning and licensing law.
- 17.9.** The Council, as licensing authority, may refuse to consider a licensing application if the host or operator within a designated short-term let control area needs planning permission but does not have it. The Council, as licensing authority, has 21 days from receipt of a valid application to decide to refuse to consider the application on these grounds. If an application is refused to be considered on these grounds, the host or operator must be notified within 7 days together with an explanation.
- 17.10.** A host or operator who then subsequently obtains planning permission or a certificate of lawfulness of use or development can resubmit their licensing application (with no additional fee) provided the host or operator submits the licence application within 28 days of obtaining planning permission or a certificate.
- 17.11.** Before 1 April 2023, the Council, as licensing authority, cannot determine a licence application on the basis that it breaches planning control unless they have given existing hosts a chance to submit an application for planning permission or for a certificate of lawful use or development. However, the Council, as licensing authority, can determine a licensing application before this date where planning permission or a certificate of lawful use or development has already been refused.
- 17.12.** The applicant has 3 months to submit a planning application. If the applicant does not do so within 3 months, the licence application can be determined for these purposes and the applicant must cease providing short-term lets.
- 17.13.** Please note that planning authorities could designate control areas after a premises has already obtained a short-term let licence. Licence holders would be given a reasonable opportunity to comply with the mandatory condition by submitting a planning application as soon as possible after the control area is designated. If planning permission is refused, this may result in the licence being refused, varied or revoked as appropriate.

**17.14.** Hosts and operators are, therefore, encouraged to engage with the Council's planning department ((or Loch Lomond and the Trossachs National Park's planning department, for applications within the National Park area) **prior** to submitting a licence application to confirm whether they require planning permission or a certificate of lawful use of development.

**17.15.** The Committee recognises the current position in West Dunbartonshire regarding Short-Term Let Control Areas could change and will ensure this Policy is reviewed to take account of any Short-Term Control Areas that may be introduced in West Dunbartonshire in the future.

**17.16.** It should be noted that the introduction of any Short-Term Let Control Area would fall under the Planning Authority to implement, not the Licensing Authority.

## **18. Equality**

**18.1.** The Equality Act 2010 Act introduced a new public sector equality duty that requires public authorities, including the Committee, to try and eliminate discrimination, promote equality and good relations across a range of protected characteristics.

**18.2.** Prior to the Committee implementing this policy an equality impact assessment was undertaken. This can be viewed using the following link *[to be inserted once the decision is made]*.

## **19. Fees**

**19.1.** Licensing authorities are required to charge fees in respect of processing and determining, the consideration of applications, the issue of duplicate licences and other matters. They must ensure that the fees are sufficient to cover their administrative expenses and are reviewed periodically.

**19.2.** Licensing fees are non-refundable. Whether or not a licensing application is granted, the Council incurs significant costs in processing the application.

**19.3.** The Council has determined the fees, as follows:

	<b>Short-term Lets Licence</b>
Application & Renewal Full Licence	£766.00
Minor Variation	£55.00
Major Variation	£154.50
Environmental Health Inspection	£60.00
