

East Dunbartonshire Main Issues Report – Comments

Key Principles

Given that West and East Dunbartonshire Councils share built and natural heritage resources such as the Antonine Wall and the Kilpatrick Hills, and there are strong green network links between the areas, a principle relating to protecting the natural and historic built environment and the green network would be welcomed.

Making the most of our environment

West Dunbartonshire Council has identified the Kilpatrick Hills as a Local Landscape Area in its Proposed Plan. It would support a similar designation of the Kilpatrick Hills within East Dunbartonshire.
