Report by Executive Director of Housing, Environmental and Economic Development

Tendering Committee: 4 August 2010

**Subject: Tender for the appointment of a Consultant to carry out a sample
stock condition survey**

1. Purpose

- 1.1** To advise the Committee of tenders received and to seek appointment of a consultant to carry out an updated housing stock condition survey which will inform both our current knowledge of data in the Housing Plan and to support our progression of stock transfer arrangements.

2. Background

- 2.1** The Council at its meeting of 24 February 2010, approved the 2010/11 HRA Capital Programme which included the Standard Delivery Plan investment budget of £450k. This budget includes for the execution of this stock condition survey along with a Stage 2 structural survey, tenders for which are currently being invited.
- 2.2** Tender documents were prepared by our lead Housing Consultant, Arneil Johnston for the procurement of a 10% sample housing stock condition survey.
- 2.3** The successful consultant's report is required to guide, support and provide objective data to the Council to inform its 30 year business plan.

3. Main Issues

- 3.1** Tenders were invited to be returned by 23 June 2010.

3.3 All six consultants' tenders were subjected to the prequalification selection process which was defined within the contract documentation. 3.5 The final scoring is summarised in the Statement of Tender appendix 1.

5. Financial Implications

5.1 The cost of awarding the contract to the highest scoring consultant, following the tender evaluation is £94,285, which can be accommodated, as paragraph 2.1 above, from this year's approved capital programme.

6. Risk Analysis

7. Equalities impact

7.1 No significant issues were identified.

8. Conclusions and Officers Recommendations

8.1 The tendering and evaluation process has identified a consultant who can provide the most economically advantageous service.
