Community Council Comments: No Objections

Health Board Comments:

Whilst not directly contradicting the West Dunbartonshire Overprovision Statement the increase of the alcohol display area by almost 2/3 does impinge on the spirit of the statement. The adverse affects this increase could have on the health of the local population is significant. The requirements of the overprovision policy therefore must be upheld and the application should therefore be refused.

As a restaurant, these premises would not significantly affect consumption levels; and are not covered by the over provision policy.

However, it is recommended that further detail regarding the management of children within the premises should be sought from the applicant.

With these points in mind, and assuming that there are no issues relating to the management of children, no objections are being made.
