Environmental Health

Section 50 Notice applied for. Visited premises but unable to grant certificate due to poor internal condition and need to satisfy that existing ventilation system is suitable and sufficient. Applicants aware of this. The Environmental Health Section previously served notice on the former licensee of these premises in 2004 as a result of problems with the ventilation system in response to complaints from neighbouring properties about cooking odours.

Community Council Comments: N/A

Additional Comments:

The premises are situated within the sub-locality Dumbarton East - Bowling(part)/Barnhill/Crosslet which is one of the 3 sub-localities that the Board considers that there is not presently overprovision of licensed premises.

The capacity of the premises is 70 people (including 3 to 4 staff).

Additional Comments:

The premises are within the Alexandria area which is one of the sub-localities that the Board considers to be overprovided for.

The Board will expect applicants to provide robust and reliable evidence as to why the benefit of the licensing objectives through the grant of their application outweighs the detriment to the licensing objectives and the Overprovision Policy. In particular the Board will expect to be addressed on the benefits of granting the application in terms of each of the five licensing objectives.
