Dear Sirs,

Our Client: Mrs. Tubassum Akbar
Premises: Keystores, 148 Montrose Street, Clydebank, G81 2PE
Review: 8th November, 2011

We refer to the above and further to our client's licence being suspended the last time this case called before the Licensing Board.

At this juncture we can advise that the premises have undergone a change of circumstances namely staff members have been trained by external trainers and other aspects of the running of this store have been addressed satisfactorily. Accordingly, we would seek the licensing board to revoke the suspension which is currently in place, given the licence holder can satisfy the Licensing Board that the difficulties previously experienced in relation to the premises are no longer an issue.

Yours faithfully,
Trainor Alston

A handwritten signature in dark ink, appearing to be "P. Alston".
