SITE VISIT

A site visit was undertaken in connection with the undernoted planning application:-

(a) Former Keil School, Helenslee Road, Dumbarton

Planning application DC12/275 – Erection of residential development (amendment to DC06/295) comprising 24 residential units, consisting of 2 blocks of flatted properties and associated works at Keil School, Helenslee Road, Dumbarton by Bett Homes.

APPENDIX 2

DC13/066 - Erection of 9 flats with associated car parking and landscaping at West Thomson Street/Granville Street, Clydebank by West Dunbartonshire Council.

Permission was GRANTED subject to the following conditions:-

1. Prior to the commencement of development full details of the foul and surface water drainage system shall be submitted for the written approval of the Planning Authority. The drainage system shall incorporate the principles of Sustainable Urban Drainage Systems within its design, and thereafter shall be implemented as approved. The SUDS shall be designed to ensure that contaminants present on the site are not mobilised and that pollution pathways are not created and shall be implemented prior to the occupation of the residential units.
2. Exact details and specifications of all proposed external materials shall be submitted for the further written approval of the Planning Authority prior to any work commencing on site and shall be implemented as approved.
3. Prior to the commencement of works, full details of all hard surfaces shall be submitted for the further written approval of the Planning Authority and shall be implemented as approved.
4. Prior to the commencement of works, full details of the design and location of all walls and fences to be erected on site shall be submitted for the further written approval of the Planning Authority and shall be implemented as approved.
5. Prior to the commencement of development details of the design and location of the bin stores shall be submitted for the further written approval of the Planning Authority and thereafter implemented as approved prior to the occupation of the approved properties.
6. Prior to the occupation of the development hereby approved the car parking spaces shown on the approved drawings AL(00) 003 shall be constructed, surfaced and delineated on the site.
7. A landscaping scheme for the site including the amenity areas shall be submitted to and approved by the Planning Authority prior to commencement of development on site and shall be implemented not later than the next appropriate planting season after occupation of the first property. The landscaping shall thereafter be maintained in accordance with these details.
8. During the period of construction, all works and ancillary operations which are audible at the site boundary, or at such other places that may be agreed with by the Planning Authority shall be carried out between 8am and 6pm Monday to Friday, 8am to 1pm on Saturdays and not at all on Sundays or Public Holidays.

9. The presence of any previously unsuspected or unencountered contamination that becomes evident during the development of the site shall be brought to the attention of the Planning Authority within one week. At this stage, if requested, a comprehensive contaminated land investigation shall be carried out and any remedial actions shall be implemented within a timescale agreed with the Planning Authority.
10. Prior to the commencement of development, details of a suitable location for a grit bin shall be submitted for the further written approval of the Planning Authority and thereafter implemented prior to the occupation of the first property.
11. Prior to the commencement of works a comprehensive contaminated land investigation shall be carried out and its findings submitted to and approved in writing by the Planning Authority. The investigation shall be completed in accordance with a recognised code of practice such as British Standards Institution "The Investigation of Potentially Contaminated Sites- Code of Practice" (BS 10175:2001). The report shall include a site-specific risk assessment of all relevant pollutant linkages as required in Scottish Government Planning Advice Note 33.
12. Where the risk assessment identifies any unacceptable risk or risks as defined under Part IIA of the Environmental Protection Act 1990, a detailed remediation strategy shall be submitted to the Planning Authority for the written approval. No works other than investigation works shall be carried out on the site prior to receipt of written approval of the remediation strategy by the Planning Authority.
13. Remediation of the site shall be carried out in accordance with the approved remediation plan. Any amendments to the approved remediation plan shall not be implemented unless approved in writing by the Planning Authority. On completion of the remediation works and prior to the houses being occupied, the developer shall submit a report to the Planning Authority confirming that the works have been carried out in accordance with the remediation plan.
14. A monitoring and maintenance scheme for the long term effectiveness of the proposed remediation shall be submitted to and approved in writing by the Planning Authority. Any actions ongoing shall be implemented within a timescale agreed with the Planning Authority. Following completion of the actions/ measures identified in the approved remediation scheme, a further report which demonstrates the effectiveness of the monitoring and maintenance measures shall be submitted to and approved in writing by the Planning Authority.
15. No development shall commence on site until such time as a noise control method statement for the construction period has been submitted to and approved in writing by the Planning Authority. This statement shall identify likely sources of noise (including specific noisy operations and items of plant/ machinery), the anticipated duration of any particularly noisy phases of the

construction works, and details of the proposed means of limiting the impact of these noise sources upon nearby residential properties and other noise-sensitive properties. The construction works shall thereafter be carried out in accordance with the approved method statement unless otherwise approved in writing by the Planning Authority.

16. No piling works shall be carried out until a method statement has been submitted to and approved in writing by the Planning Authority. This statement shall include an assessment of the piling on surrounding properties, taking into account the guidance contained in BS6472:1984 "Evaluation of Human Response to Vibration in Buildings". It shall detail any procedures which are proposed to minimise the impact of noise and vibration on the occupants of surrounding properties.

This statement shall be prepared by a suitably qualified person, and the piling works shall thereafter be carried out in accordance with the approved method statement.

17. Unless otherwise agreed, no development shall commence on site until such time as a scheme for the control and mitigation of dust has been submitted to and approved in writing by the Planning Authority. The scheme shall identify likely sources of dust arising from the development and measures to prevent or limit the occurrence and impact of such dust. The approved scheme shall thereafter be implemented as agreed.

Informatives

1. The development hereby approved shall commence within a period of 3 years from the date of this decision notice.
2. The developer shall submit to the Planning Authority in writing upon the forms specified for the purpose and attached to this decision notice:
