## SITE VISIT

A site visit was undertaken in connection with the undernoted planning application:-

DC06/246 – Erection of 14.7m high telecommunications monopole and installation of two equipment cabinets at Dumbarton Road, Old Kilpatrick.

# APPLICATIONS FOR PLANNING PERMISSION CONSIDERED BY THE PLANNING COMMITTEE ON 1 NOVEMBER 2006

DC06/239 – Erection of residential development comprising 36 flats and 13 houses at Dean Street/Cochno Street, Clydebank

# Permission GRANTED subject to the following conditions:-

- 1. The development hereby permitted shall commence within a period of 5 years from the date of this permission.
- 2. Notwithstanding the details shown on the approved plan, development shall not commence until such time as amended elevations for the front corner of the flats adjacent to the new access (marked in green on the approved plans) have been submitted to and approved in writing by the Director of Housing, Regeneration and Environmental Services. Development shall be carried out in accordance with these approved amended plans.
- 3. Exact details and specifications of all proposed external finishing materials (including roofing materials) shall be submitted for the further approval of the Director of Housing, Regeneration and Environmental Services prior to any development commencing.
- 4. No dwelling shall be occupied until such time as all roads, footpaths and car parking spaces serving that unit have been completed to base course level, and the final five units shall not be occupied until such time as all roads, footpaths and parking spaces have been completed to their finished specification to the satisfaction of the Director of Housing, Regeneration and Environmental Services.
- 5. Prior to development commencing, details of additional traffic calming measures on Cochno Street and Dean Street shall be submitted to and approved in writing by the Director of Housing, Regeneration and Environmental Services. The approved traffic calming shall be implemented to the satisfaction of the Director of Housing, Regeneration and Environmental Services prior to the final five dwellings being occupied.
- 6. Surface water disposal shall be by way of a Sustainable Urban Drainage System (SUDS), the details of which shall be submitted to and approved in writing by the Director of Housing, Regeneration and Environmental Services prior to any development commencing.
- 7. The development shall be landscaped in accordance with a scheme which shall be submitted to and approved by the Director of Housing, Regeneration and Environmental Services before development commences. The scheme shall indicate the siting, numbers, species and heights (at the time of planting)

of all trees, shrubs and hedges to be planted and the extent of any areas of earthmounding, and shall ensure:-

- (a) completion of the scheme during the planting season next following the completion of the buildings, or such other date as may be agreed in writing with the Director of Housing, Regeneration and Environmental Services; and
- (b) the maintenance of the landscaped areas for a period of five years or until established, whichever may be longer. Any trees or shrubs removed, or which in the opinion of the Director of Housing, Regeneration and Environmental Services are dying, being severely damaged or becoming seriously diseased within a period of three years of planting, shall be replaced by trees or shrubs or similar size and species to those originally required to be planted.
- 8. The landscaping scheme referred to in Condition 7 above shall comply with the guidance contained in the Civil Aviation Authority's 'Advice Note 3: Potential Bird Hazards from Amenity Landscaping and Building Design'.
- 9. Full details of any exterior lighting to be provided as part of the development or during its construction shall be submitted to and approved in writing by the Director of Housing, Regeneration and Environmental Services prior to any development commencing. Such lighting shall comply with the Civil Aviation Authority's 'Advice Note 2: Lighting near Aerodromes'.
- 10. During the period of construction, all works and ancillary operations which are audible at the site boundary, or at such other places as may be agreed with the Director of Housing, Regeneration and Environmental Services, shall be carried out only between the hours of 0800 and 1800 Monday to Saturday, and not at all on Sundays or Public Holidays, unless otherwise agreed in writing with the Director of Housing, Regeneration and Environmental Services.
- 11. During all demolition and construction works the plant and machinery shall be used in accordance with the relevant Codes of Practice specified in the Control of Noise (Codes of Practice for Construction and Open Sites) (Scotland) Order 2002, and all reasonably practicable steps to minimise the formation of dust in the atmosphere and in the surrounding area must be taken.
- 12. Prior to any piling work taking place, a competent person must first carry out an assessment, the findings of which shall be submitted to and approved in writing by the Director of Housing, Regeneration and Environmental Services. Account must be taken of the guidance in BS6472: 1984 Evaluation of Human Responses to Vibration in Buildings.

13. Prior to development commencing, the contaminated land remediation measures and arrangements for the removal of the existing underground storage tanks proposed in the report 'Supplementary Site Investigation: WSP Buildings and Clydebank Co-operative Society Limited, July 2006' shall be implemented to the satisfaction of the Director of Housing, Regeneration and Environmental Services.

DC06/255 – External alterations to building to install roller shutter doors, removal of lean-to extension at front and formation of wash bay and vehicle inspection pit to rear, infilling and culverting part of Mill Lade (retrospective) at Thistle Works, Dalquhurn Estate, Renton
