Failure to secure community and partner buy-in for the emerging Community Empowerment Strategy and Action Plan.	In order to deliver on the ambitions of the Community Empowerment Strategy and associated action plan, it is vital that a partnership approach is promoted to ensure best use of resources, skills and expertise.			26 Mar-2023	The risk profile will remain the same despite significant progress being made with a number of priority projects and the addition of the UKSPF projects (managed by Communities team).	Elaine Troup
Failure to deliver on the capacity building of the Community Empowerment (Scotland) Act	As communities continue to recover from the impact of Covid-19 there is an ever greater need to support and develop communities. Failure to deliver sufficient community capacity building / community development support to groups impacted by COVID-19.	COVID-19 has had a huge impact on communities across the authority. A focused approach is needed to understand the impact on community groups and to support them to re-start and re-build. Failure to do this would impact on the individual and community resilience of citizens.			26 Mar-2023	The Communities Team continues to support a range of community organisations to re-start or develop on the back of the pandemic. The team have a dedicated capacity building resource available to support.	Elaine Troup
Engaging positively with Residents, Communities & Partnerships	The risk that the Council fails to adequately engage, establish and maintain positive relationships with local residents and communities in addition to partnership bodies.			26-Mar-2023	Citizens & Communities & Partnerships were previously two separate risks but have been combined for the next 5 year Strategic Plan. Whilst the Community Planning Partnership has been managed under a shared service agreement, it is well established with strong partnership working arrangements in place reducing likelihood of this risk being realised. Implement year 4 of rapid rehousing plan (Home at the Heart)			31-Mar-2023	This action will continue to progress and deliver Year 5 outcomes. While we continue to roll out the plan in a positive manner in respect of the key actions, delivery on some of the key performance measures are not being realised as a result of slower than anticipated housing access system and notably around void turnaround times. Promote inclusive growth through access to training and apprenticeship opportunities			31-Mar-2023	This action centres on developing and delivering the apprenticeship programme in West Dunbartonshire. Beyond having the appropriate staff to ensure apprentices receive appropriate and good quality training, the activity relies on securing a training contract from SDS - this has been done. The activity also relies on the continuation of the West Dunbartonshire Council's investment in apprenticeships (paying salaries for apprentices; this was continued. As a result, there are 122 MA's being supported through the W4U SDS MA programme over this period. The apprentices are combination of MA's within the Council and Private Sector, as well as upskilling opportunities offered to existing council employees in Childcare, Business Admin, Digital Analytics and Social care sectors.
