Switched On Scotland Phase Two: An Action Plan For Growth – Transport Scotland (2017).	Available at: www.transport.gov.scot/media/39306/switched-on-scotland-phase-2.pdf
Copenhagen Accord, COP 15 (2009)	The Copenhagen Accord is a document which delegates at the 15th session of the Conference of Parties (COP 15) to the United Nations Framework Convention on Climate Change agreed to "take note of" at the final plenary on 18 December 2009. The Accord is not legally binding and does not commit countries to agree to a binding successor to the Kyoto Protocol, whose round ended in 2012.
Paris Accord, COP 21 (2015)	Update to COP 15. Under the Paris Agreement, each country must determine, plan, and regularly report on the contribution that it undertakes to mitigate global warming.
Poland Accord, COP 24 (2018)	Update to COP 21
2030 Climate and Energy Framework 2014 (revised in 2018)	The 2030 climate and energy framework include EU-wide targets and policy objectives for the period from 2021 to 2030.
Energy Efficiency Directive (2016)	Establishes a set of binding measures to help the EU reach its 20% energy efficiency target by 2020
EU Adaptation Strategy	In 2013, the European Commission adopted an EU strategy on adaptation to climate change, welcomed by the EU Member States. The strategy aims to make Europe more climate resilient.

Energy Performance of Buildings Directive (2018)	It includes measures that will accelerate the rate of building renovation towards more energy efficient systems and strengthen the energy performance of new buildings, making them smarter.
Climate Change Act 2009	The Climate Change (Scotland) Act 2009 is an Act of the Scottish Parliament. The Act includes an emissions target, set for the year 2050, for a reduction of at least 80% from the baseline year, 1990. Annual targets for greenhouse gas emissions must also be set, after consultation the relevant advisory bodies.
RPP3 (2018-2032)	Climate Change Plan: third report on proposals and policies 2018-2032 (RPP3) This plan sets out the path to a low carbon economy while helping to deliver sustainable economic growth and secure the wider benefits to a greener, fairer and healthier Scotland in 2032.
Climate Change Act 2019	The Climate Change (Emissions Reduction Targets) (Scotland) Act 2019, which amends the Climate Change (Scotland) Act 2009, sets targets to reduce Scotland's emissions of all greenhouse gases to net-zero by 2045 at the latest, with interim targets for reductions of at least 56% by 2020, 75% by 2030, 90% by 2040.
Scotland's Energy Strategy	Scotland's first energy strategy sets out the Scottish Government's vision for the future energy system in Scotland.
National Transport Strategy	The National Transport Strategy (NTS2) sets out an ambitious and compelling vision for Scotland's transport system for the next 20 years. There are four priorities to support that vision
Zero Waste Plan	2010 doc, self explanatory
Energy Strategy - Scotland's Energy Efficiency Programme (SEEP)	The 15 to 20 year programme is the cornerstone of Scottish government's approach to energy efficiency, a National Infrastructure Priority.
Climate Change (Duties of Public Bodies: Reporting	The statute under which the mandatory climate change reporting framework sits under

Requirements)	
National Planning Framework Policy 4	The National Planning Framework 4 will help promote sustainable and inclusive economic growth across all of regions, and to create high-quality, diverse and sustainable places that promote wellbeing and attract investment.
Energy Efficiency Scotland Route Map	This route map for the Energy Efficient Scotland programme sets out the journey our homes, businesses and public buildings will take to become more energy efficient.
Fuel Poverty Bill	<p>The target is that in the year 2040, as far as reasonably possible no household in Scotland is in fuel poverty and, in any event—</p> <p>(a)no more than 5% of households in Scotland are in fuel poverty,</p> <p>(b)no more than 1% of households in Scotland are in extreme fuel poverty,</p> <p>(c)the median fuel poverty gap of households in Scotland in fuel poverty is no more than £250</p>
Climate Ready Scotland: Climate Change Adaptation Program 2019-2024	A five year programme to prepare Scotland for the challenges we will face as our climate continues to change.
