West Dunbartonshire Licensing Board – Annual Functions Report 2021-2022

Introduction

West Dunbartonshire Licensing Board (WDLB) is the Licensing Authority for the area of West Dunbartonshire, for the purposes of the Licensing (Scotland) Act 2005 (The Act).

The WDLB normally comprises of eight members, all of whom are elected members of West Dunbartonshire Council.

[Membership of West Dunbartonshire Licensing Board](#) *[LINKS TO BE UPDATED IN FINAL VERSION]*

West Dunbartonshire is located in the West of Scotland and shares borders with Glasgow City Council, Renfrewshire Council, Stirling Council and Argyll & Bute Council and covers approximately 159 square kilometres with around 90,000 residents. The main town centre areas are Clydebank, Dumbarton, Balloch and Alexandria.

The purpose of this report:

The Licensing (Scotland) Act 2005 makes provisions for regulating the sale of alcohol within licensed premises and other premises from which alcohol is sold.

A Licensing Board is responsible for the following licences under the Licensing (Scotland) Act 2005.

Premises licences

Occasional licences

Provisional licences

Temporary Licences

Personal Licences

Transfer of Premises Licences

Variation of Premises Licences

Extended Hours Applications

The Licensing Board is supported by the following Officers:

Clerk to the Licensing Board – The Clerk, and the Depute Clerk give legal advice and direction to the Licensing Board.

Committee Clerk – The role of the Committee Clerk is to arrange and take the minutes of Licensing Board Meetings.

Licensing Assistants – The Licensing Assistants process all the applications for licences, and attend board hearings.

Licensing Standards Officers – The Licensing Standards Officers make comments on applications for licences, and may make reports to the Licensing Board in relation to compliance. Licensing Standards Officers also have other roles in the Licensing system, which will be discussed later in this report.

If you wish to contact the Licensing Board members or Officers, please email licensing@west-dunbarton.gov.uk

There are 229 currently Licensed Premises within the West Dunbartonshire area. Of these premises, 139 are licensed to sell alcohol for consumption on the premises (on-sales) and 90 are licensed to sell alcohol for consumption off the premises (off-sales).

Currently, there are no temporary premises licences in operation in the WDC area.

A complete list of licensed premises in the WDC area can be found [here](#).

The Licensing Objectives

The Act sets out the following five licensing objectives:-

- Preventing crime and disorder
- Securing public safety
- Preventing public nuisance
- Protecting and improving public health
- Protecting children and young persons from harm

The members of West Dunbartonshire Licensing Board are aware of their responsibilities to uphold the licensing objectives. The Board details its approach to the objectives within its Statement of Licensing Policy. Within this policy, the Board strives to ensure that both licence holders and the residents of West Dunbartonshire are fully informed of the Licensing Board's approach and expectations of licence holders in its area.

Particular focus is given in the current licensing policy statement to several key areas, aimed at directly addressing the licensing objectives. These include the statement of overprovision, the local policy on Licensed Hours, the children and young person's policy and other areas such as the Board's support and endorsement of local Pubwatch Schemes.

The Licensing Boards current Licensing Policy can be found [here](#).

Annual Functions Report

The scope of this report is to detail the operation of the Board during the period from 1 April 2021 until 31 March 2022.

In terms of Section 9A of the Licensing (Scotland) Act 2005 an annual functions report must include:

1. A statement explaining how the Board had regard to the Licensing Objectives; and
2. The Licensing Policy statement in their exercise of the functions under the Act;
3. A summary of decisions made by the Board;
4. Information about the numbers of licenses held in this Board's area including occasional licences.

During this period, the Licensing Board met 7 times. A summary of the matters considered at these meetings is included in Table 1 below:

Table 1. Summary of Licensing Board Meetings 2021/2022

Date	Meeting Type	New Premises/Provisional licence	Variation of Premises Licence	Grant of Personal	Review of Premises	Review of Personal	Occasional Licence/ Extended Hours	Consultations	Reports	Comments
9 June 2021	Programmed	1	4		3					
30 June 2021	Programmed		2						1	
1 September 2021	Special		3				2		1	
14 October 2021	Programmed								3	
2 November 2021	Programmed	1								
8 December 2021	Programmed		3				1		1	
15 February 2022	Programmed	1	1		4				1	

All licence applications which require to be heard at a full meeting of the Licensing Board are included in table 1, along with references to other items considered by the Licensing Board such as reports from Officers. Other licence applications such as minor variations, transfers, occasional licences and extended hours applications can, in the absence of an objection or representation, be granted without the need for a Board hearing. The granting of an application without an appearance at a Licensing Board hearing is done as part of the Licensing Board's Scheme of Delegation, which allows for applications which are not controversial to be granted by authority delegated by the Licensing Board to the Clerk to the Board. Such applications will be summarised later in this report.

4. Decisions of the Board

Each application which is considered at a meeting of the Licensing Board is decided on that application's individual merits. When deciding on the merits of an application it must be weighed-up in accordance with the requirements of the Licensing (Scotland) Act 2005 in particular, with the 5 licensing objectives. The Board must also consider the application in line with the Board's statement of licensing policy. In relation to the period of focus of this report, the majority of the applications which were considered during this period were considered by the Licensing Board to be to be suitable to grant.

A summary of the decisions made during this period can be found overleaf:

In considering applications, the Licensing Board is advised by various partners including Community Councils, Police Scotland, Scottish Fire and Rescue Service, the local Health Board, Licensing Standards Officers, Environmental Health and Building Standards. All Licensing Board meeting minutes can be found at the following link:

[Minutes of Meetings of West Dunbartonshire Licensing Board May 2017 to present](#)

When considering applications, the Licensing Board relies on its Statement of Licensing Policy.

<https://www.west-dunbarton.gov.uk/business/licences-permits-and-permissions/alcohol/licences/licensing-guidelines-and-policies/>

Occasional Licences and Extended Hours Applications

An occasional licence is a licence which authorises the sale of alcohol in premises for a one-off event, such as a wedding reception or a celebratory party. 487 occasional licence applications were considered in the last financial year, which represents a significant increase in the number of occasional licence applications when compared to previous pre-covid years (there were 306 Occasional Licences considered in 2019).

A list of all Occasional Licence applications which were lodged in 2021-2022 is listed at Appendix 1. There were 42 applications from licence holders seeking to temporarily extend their licensed hours. A list of all the Occasional Extension applications can be found at Appendix 2.

Minor Variations

A minor variation is an application to make a change to a licence which does not have a significant effect, or increase to how alcohol is sold from the subject premises licence. Examples of minor variations are:

A change to the layout plan of the premises, if that change does not result in any inconsistencies with the information included within the current operating plan.

Any reduction or restriction on children and young person's access to the premises.

A change of Premises Manager.

There were 47 applications for a minor variation of a premises licence received in 2021/2022. This represents an increase in the number of minor variations applications received when compared with pre-covid levels. A summary of these applications can be found at appendix 3.

Transfers of Licences

A transfer of a premises licence application is an application to change the name of the licence holder from one person, or company name to another. Commonly, transfer applications are received when licensed premises are sold.

There were 5 applications for the transfer of premises licence lodged in 2021-2022. A list of these applications can be found in Appendix 4.

Personal Licences

A personal licence allows the holder to supervise or authorise the sale of alcohol from a licensed premises (a premises manager) and also allows the holder to apply for an occasional licence.

Currently there are 740 live personal licences issued by WDLB. This is a reduction from the 770 personal licences which were live at the same period last year.

5. Licensed Hours

Licensed Hours are an integral part of how licensed premises function and the Board Members recognise the importance of licensed hours to the operators of licensed premises. The Board also notes that the times during which licensed premises are open can have an impact on persons who live and work near to premises.

In general terms, for premises which are licensed for on sales either via an premises or occasional licence, the Board's policy on licensed hours is as follows:-

Sunday to Thursday 11 a.m. to 1200 midnight

Friday & Saturday 11 a.m. to 1.00 a.m. the following day

Nightclub premises are entitled to operate until 3 a.m. and some sporting premises such as Bowling Clubs or Golf Clubs can apply to be open at 10.00 a.m. under certain circumstances.

For off-sales premises, the hours that a shop can sell alcohol is defined by the Licensing Act;

Monday to Sunday 10 a.m. till 10 p.m.

The Licensing Board recognises that most convenience stores and supermarkets provide a valuable service; however the Board also recognises that later opening of shops can have a negative effect on their neighbours. The Board's policy for off-sales is to only grant a licence until 10 p.m. if the applicant can comply with extra licence conditions. These conditions are designed to protect against any issues surrounding the sale of alcohol later in the evening. These conditions are a key part of the Board's policy in the relation to the licensing objectives.

The Off-Sales conditions, known as the "post 8 p.m. conditions" require, amongst other things that the licence holder has CCTV and that they record all refusals of service of alcohol in a register.

The Licensing Board recently reviewed its policy on licensed hours, and as a result of this review, the policy on licensed hours for restaurant premises hours was reduced to be in line with other On-Sales premises.

6. Licensing Board Training & Licensing Team Training

The Licensing Act requires that all Licensing Board Members have to attain an accredited training qualification within 3 months of being elected as a member of the Licensing Board. The West Dunbartonshire Licensing Board Members received their training on the 5 June 2017.

Further to this qualification, Licensing Board Members are updated via a range of different sources of information to ensure that their licensing knowledge is maximised. In the last year the

Board has received reports from Police Scotland on various matters relating to the sale or consumption of alcohol.

In relation to the Licensing Team, all members of the Licensing Team are qualified specialist paralegals, in addition to the mandatory LSO training, which both LSOs and 1 Licensing Assistant have undertaken.

7. The Local Licensing Forum

West Dunbartonshire's Licensing Forum has been in existence since 2004, some 5 years prior to this being a requirement of the Licensing Act. The Licensing Forum membership includes representatives of the licensed trade, representatives of Health Licensing Standards Officers, and also Community Council members. The forum has worked well in partnership with the Licensing Board and has provided valuable assistance to the Board, in particular the forum's input to the Licensing Policy and overprovision in particular. The Licensing Board are highly appreciative of the work that the forum does in the local area.

The Minutes of Licensing Forum Meetings can be found [here](#).

8. Licensing Standards Officers (LSOs)

West Dunbartonshire Licensing Board employs 2 Licensing Standards Officers, Lawrence Knighton and Peter Clyde.

Licensing Standards Officers have an important role to play within the Licensing system, they are seen as the first point of contact for members of the public, licence holders and other interested parties who may wish to understand how the licensing function operates in the West Dunbartonshire area.

Licensing Standards Officers have the following functions:

(a) providing to interested persons information and guidance concerning the operation of this Act in the area,

(b) supervising the compliance by the holders of—

(i) premises licences, or

(ii) occasional licences,

in respect of premises in the area with the conditions of their licences and other requirements of this Act,

(ba) providing information to Licensing Boards about any conduct of holders of, or persons applying for, personal licences in the area, which is inconsistent with the licensing objectives,

(c) providing mediation services for the purpose of avoiding or resolving disputes or disagreements between—

(i) the holders of the licences referred to in paragraph (b), and

(ii) any other persons,

concerning any matter relating to compliance as referred to in that paragraph.

In addition to the above duties, the West Dunbartonshire LSOs are members of the Local Licence Forum and they regularly attend meetings of the local Pubwatch schemes.

The LSOs can be contacted on 01389 738741 or via licensing.standards@west-dunbarton.gov.uk

9. Premises Licence Reviews/Personal Licence Reviews

In the period 2020-2021 the Licensing Board received 8 new applications for the review of a premises licence.

The 7 premises licence review applications that the Board considered in 2021-2022 related to the non-payment of the recurrent annual licensing fee. Details of the actions taken by the Licensing Board are detailed at Table 2.

10. Financial Statement of the Board

The Board set local fees at the maximum levels permitted by statute. The terms of the Board's current proposed Financial Statement can be found at:

Licensing Board Awareness

Throughout the year, the Board members will ensure that they are informed of any new pertinent studies in relation to alcohol, such as statistics on the sale and consumption habits or persons in Scotland. Each year the Board asks the Chief Constable of Police Scotland to provide to them a report* on the Policing of the local licensed trade. The Board are always keen to ensure that they take any relevant information relating to the licensing objectives from this report.

The members of West Dunbartonshire Licensing Board are keen to contribute in any body of work which increases their knowledge of licensing matters, seeks to promote the work of the licensed trade in the WDC area, or allows them to share their experiences nationally.

West Dunbartonshire Licensing Board will always take the opportunity to respond to any consultations on licensing matters, ensuring that the views of the Board on regulatory matters are reported to the Scottish Government, in order that the Board's experience can shape future developments in Licensing.

The Board is also very keen to be represented at appropriate conferences to maximise the knowledge and understanding of licensing as an evolving area of law. Where possible, the Chair of the Licensing Board and the Depute Clerk to the Board will attend the Scottish Licensing Law in Practice (SLLP) 'Essential Update' conferences, which are held in June and December each year.

The Licensing Board is also keen to ensure that its officers are kept up to date on all aspects of licensing therefore officers are given permission to attend events such as the SLLP conference. Furthermore, the Clerk to the Licensing Board and other Officers are encouraged to seek out opportunities to present to such conferences, and Licensing Staff members regularly take part in events throughout the year.

The Depute Clerk to the Board regularly attends Central Law Training Licensing events and also "SOLAR" (Society of Local Authority Lawyers & Administrators in Scotland) Licensing events.

In addition, several of the licensing team staff is members of the Institute of Licensing and LSO's undertake regular training in liquor licensing matters.

DRAFT

WEST DUNBARTONSHIRE LICENSING BOARD**Report by the Clerk to the Licensing Board****6 September 2022**

Subject: Extensions to Licensing Hours over the Festive Period 2022**1. Purpose**

To propose a policy on the granting of Applications for Extended Hours over the 2022/2023 Festive Period in terms of Section 68 of the Licensing (Scotland) Act 2005.

2. Recommendations**2.1 It is recommended:-**

- (a) that the period for granting applications for extended hours in respect of the 2022/2023 Festive Period should be from Friday, 9 December 2022 to Tuesday, 3 January 2023 inclusive;
- (b) that premises licence holders without significant entertainment (public houses, hotel bars and members' clubs fall into this category) may apply for 1 hour more than the normal licensed hours during the festive period with the exception of Hogmanay;
- (c) that premises licence holders without significant entertainment (public houses, hotel bars and members' clubs) may apply for extended hours to 3 am on Hogmanay on condition that last entry to the premises is 11pm and the event is pre-ticketed;
- (d) that premises licence holders offering significant entertainment (Nightclubs) may apply until 4 am during the festive period;
- (e) that authority for the granting of applications for extensions to licensing hours over the Festive Period is delegated to the Clerk to the Licensing Board, if in accordance with the foregoing agreed recommendations and;
- (f) that should applications for extended hours be submitted which fall out-with the agreed hours, or aforementioned recommendations, within the time period defined at 2.1(a) above, then any such applications may require to be submitted to the Board for consideration, particularly where objections are forthcoming.

3. Background

- 3.1** In order to allow licence holders to plan entertainment programmes for the Festive Period as far in advance as possible, the Board normally determines the period during which the policy on the granting of extended hours may be exercised in respect of the forthcoming Festive Period and agrees the additional hours which may be approved. The proposal for this year reflects previous decisions taken by the Board.

4. Main Issues

- 4.1** Section 68 of The Licensing (Scotland) Act 2005, allows the Licensing Board to extend the licensed hours in respect of premises by such period as specified in an application by the holder of a premises licence or such other period as the Board may consider appropriate.
- 4.2** The Licensing Forum's views on Festive Extended hours were sought via email and will be updated to the Licensing Board verbally by officers. The Forum has generally been supportive of this format for many years.
- 4.3** For 2022/2023 it is recommended that the Festive Period should be from Friday, 9 December 2022 to Tuesday, 3 January 2023 inclusive.

5. People Implications

All extended hours applications should be processed by staff of the Licensing Team on behalf of the Board without adverse impact on the service provided by the Board or Licensing Team.

6. Financial Implications

The report may have a financial benefit to the licensed trade over the Festive Period.

7. Risk Analysis

There is no increased risk to the Council associated with the contents of this report.

8. Equalities, Health & Human Rights Impact Assessment (EIA)

No EIA was necessary as this is an existing policy with no changes proposed.

9. Consultation

The Licensing Forum's views were sought via email and are to be intimated to the Licensing Board.

10. Strategic Assessment

There are no strategic implications and this report is in line with the Council's strategic priorities.
