

WEST DUNBARTONSHIRE COUNCIL

Report by: Interim Executive Director of Corporate Services

Council: 29th February 2012

Subject: Single Outcome Agreement 2009/11 - Final Progress Report

1. Purpose

- 1.1. The purpose of this report is to set out West Dunbartonshire Community Planning Partnership's progress in meeting the Local Outcomes set out in the 2009/11 Single Outcome Agreement.

2. Background

- 2.1. The Local Government in Scotland Act 2003 sets out a statutory duty for Councils to lead and facilitate Community Planning in its area. This duty has been informed by subsequent guidance and direction from the Scottish Government.
- 2.2. The SOA is a high end agreement between West Dunbartonshire CPP and the Scottish Government. It identifies areas for improvement and sets out how the CPP and its partners will drive forward public sector reform, and deliver better outcomes for the residents and communities of this area.
- 2.3. West Dunbartonshire CPP is required to submit a formal Annual Report on progress with delivery of the SOA for scrutiny by the Scottish Government for the period April 2010-March 2011.

3. Main Issues

- 3.1. The SOA 2009/11 final progress report provides comprehensive details of progress with thematic programmes since their formal inception on 1st December 2009. As well as providing details of progress and achievements towards our Local Outcomes, the report specifically highlights some key programmes as case studies. These case studies were selected because of the particular and impressive impact they are having, or because they are innovative and offer new ways of delivering services.

4. People Implications

- 4.1. There are no personnel issues associated with this report.

5. Financial Implications

- 5.1. The attached SOA report evidences the benefit of the Council and its partners' significant investment in Community Planning.

6. Risk Analysis

- 6.1.** The current CPP performance controls in place manage risk effectively. There is, therefore, no perceived risk arising from the contents of the SOA Progress Report

7. Equalities Impact Assessment (EIA)

- 7.1.** An equalities, health and human rights impact assessment is not appropriate as this report is a performance review of the Single Outcome Agreement 2009/11 and the extent to which the local outcomes within this have been met.

8. Strategic Assessment

- 8.1.** The Single Outcome agreement contains details that demonstrate how programmes support the delivery towards the three CPP strategic priorities
- Work and Benefits
 - Safe, Strong and Involved Communities, and
 - Supporting Children and Families

9. Conclusions and Recommendations

Council is asked to note this report and the attached SOA Annual 2009/11 Final Progress Report.
