Children's Services Committee: 11 October 2006

Subject: Presentation by Headteacher of Dumbarton Academy on measures taken to promote and raise attainment and achievement for pupils

1. Purpose

- 1.1** To provide Members with information on the work of Dumbarton Academy in taking forward attainment and achievement for all pupils.

2. Background

- 2.1** Members requested at an earlier meeting in November 2005 that each Secondary headteacher should give a presentation on attainment and achievement and the measures and strategies taken to build on strengths and develop areas for improvement. This is the fourth presentation to date.

3. Main Issues

- 3.1** The presentation by the headteacher will show that improvements in tracking and raised expectations have had a positive impact on attainment through eg: analysis of SQA data; self-evaluation of aspects of learning and teaching; monitoring calendars which include classroom visits and cross marking; rigorous monitoring of 'underachievers'; pupils being set agreed attainment targets; targeted mentoring.
- 3.2** There is a commitment to active engagement and communication with parents, pupils and staff in a variety of ways including newsletters, pupil reports, information evenings and the more formal structures of pupil councils and school boards.
- 3.3** The school also operates a fully inclusive policy in relation to additional support needs.
- 3.4** The headteacher will also explain in her presentation how the school uses all resources effectively and efficiently including finance, personnel, materials and accommodation.
- 3.5** The following is an overview of SQA results in the last four years in relation to the % S4 roll.

6. Conclusion

It also denotes the wide range of pupils' achievements which extends beyond academic attainment.
