**Subject: Corporate Services Budgetary Control Report to 31 July 2020  
(Period 4)**

**1. Purpose**

- 1.1** The purpose of this report is to advise the Committee on the performance of the Corporate Services budget for the period to 31 July 2020.

**2. Recommendations**

- 2.1** Members are asked to:

- i) note that the revenue account currently shows a projected annual adverse variance of £0.307m (1.50%) of the total budget) of which £0.338m is covid related; and
- ii) note that the capital account is showing a projected in-year underspend of £1.641m due to 6 projects showing projected underspends as a result of delays to these projects caused by Covid 19 restrictions. The project life projection is currently showing a breakeven position.

**3. Background**

Revenue

- 3.1** At the meeting of West Dunbartonshire Council on 4 March 2020, Members agreed the revenue estimates for 2020/2021, including a total net Corporate Services budget of £21.135m. Budget transfers have taken place decreasing the budget to £20.497m as detailed below.

	<u>£m</u>
Budget Agreed March 2020	21.135
Transfer of Post to Building Services	-0.024
Redeterminations of Revenue Support Grant	0.050
Budget to cover additional Microsoft Licences	0.017
Various reductions re Covid	-0.391
Annual recurring variances exercise	-0.290
	<u>20.497</u>

### Covid 19 Related Budget Adjustments

- 3.2** The completion of an exercise to identify spend which is controllable by services (such as conference fees, purchase of tools & equipment and transport) has resulted in movement of budget worth £0.391m between services and the Contingency fund. This has transferred some favourable variances which were reported by services previously to the contingency fund and will alleviate some of the additional spend pressure being identified due to Covid-19.

### Annual Recurring Variances Exercise

- 3.3** Following the completion of the Annual Accounts 2019/20, an exercise was completed to identify recurring variances in all service areas. This has resulted in movement of budget worth £0.290 between services and the Contingency Fund, which has now been incorporated into the report.

### Capital

- 3.4** At the meeting of Council on 4 March 2020, Members also agreed the updated 10 year General Services Capital Strategy covering 2020/21 to 2029/30.

## **4. Main Issues**

### Revenue

- 4.1** The summary report at Appendix 1 identifies a projected annual adverse variance (overspend) of £0.307m (1.50% of the total budget), offset by £0.338m due to the currently projected impact of covid. The covid impact projection is based upon a range of assumptions as to how services will restart over the remainder of this financial year. Detailed service reports are attached as Appendix 2.
- 4.2** There are seven projected annual variances in excess of £0.050m. Notes on these variances are highlighted and noted within Appendix 3, with additional information on action being taken to minimise or mitigate overspends where possible.
- 4.3** Although the report indicates that expenditure is adverse in comparison to that anticipated during the budget exercise, the present variance should be viewed in the knowledge that there are a number of variable factors which could arise between now and 31 March and which could affect the year end results.
- 4.4** Agreed savings and management adjustments actioned within 2020/21 are monitored with current indications showing that of the total target being monitored (£0.143m) £0.143m is currently on target to be achieved. (See Appendix 4).

### Capital

- 4.4.1** Appendices 5 to 8 highlight 11 projects as showing an in-year underspend and 11 projects on target. The overall Corporate Services programme

summary report at Appendix 5 shows that there is a projected £1.641m to be re-phased in future years.

## **5. Option Appraisal**

**5.1** No option appraisal was required for this report.

## **6. People Implications**

**6.1** There are no people implications.

## **7. Financial and Procurement Implications**

**7.1** Other than the financial position noted above, there are no financial or procurement implications from this budgetary control report.

## **8. Risk Analysis**

**8.1** The main financial risks to the ongoing financial position relate to unforeseen costs being identified between now and the end of the financial year. This can affect all service areas

## **9. Equalities Impact Assessment (EIA)**

**9.1** No equalities impact assessment was required in relation to this report.

## **10. Consultation**

**10.1** All services involved in delivering the revenue and capital budgets have been consulted in the compilation of this report.

## **11. Strategic Assessment**

**11.1** Proper budgetary control and sound financial practice are cornerstones of good governance and support Council and officers to pursue the 5 strategic priorities of the Council's Strategic Plan. This report forms part of the financial governance of the Council.
