

WEST DUNBARTONSHIRE COUNCIL

Report by the Director of Community Health & Care Partnership

Community Health and Care Partnership Committee: 21st August 2013

Subject: West Dunbartonshire CHCP Organisational Performance Review – Year End Feedback 2012/13

1. Purpose

- 1.1** The purpose of this report is to bring to the Committee's attention the feedback received from the Chief Executives of NHSGGC and West Dunbartonshire Council following the CHCP's year end Organisational Performance Review (for the period 2012/13) held in June 2013.

2. Recommendations

- 2.1** The CHCP Committee are asked to note this report.

3. Background

- 3.1** Organisational Performance Reviews (OPR) are held every six months with each organisational entity within NHS Greater Glasgow and Clyde (NHSGGC); and represent key performance management milestones for each CHP/CHCP.
- 3.2** As Committee will recall, the West Dunbartonshire CHCP OPR is a joint process in relation to the totality of NHS Health Board and Council responsibilities. It is co-chaired by the Chief Executives of both organisations.

4. Main Issues

- 4.1** The performance information scrutinised during this OPR was as per the CHCP Year End Performance Review Report separately presented and considered by the CHCP Committee at its May 2013 meeting.
- 4.2** Following a very constructive and in-depth review session in June 2013, the CHCP Director received a formal and positive feedback letter plus action note (appendiced). These broadly reinforce the encouraging reception that Committee will recall it gave to the CHCP Year End Performance Review Report at its previous meeting.
- 4.3** The OPR feedback has been considered by the CHCP Senior Management Team, with all of the areas confirmed as being addressed within the current CHCP Strategic Plan 2013/14 (as approved by the CHCP Committee); and provide reassurance that the arrangements agreed by the Council and the NHS Health Board for West Dunbartonshire are strongly placed to positively

meet the requirements of the impending Public Bodies (Joint Working) Bill and the Children & Young People's Bill.

5. People Implications

5.1 There are no specific personnel issues associated with this report.

5. Financial Implications

6.1 There are no specific financial issues associated with this report.

7. Risk Analysis

7.1 No risk assessment was necessary to accompany this report.

8. Equalities Impact Assessment (EIA)

8.1 None required.

9. Consultation

9.1 None required.

10. Strategic Assessment

10.1 The issues considered through the OPR process address the following strategic priorities of the Council:

- Improve life chances for children and young people.
- Improve care for and promote independence with older people.
- Improve the well-being of communities and protect the welfare of vulnerable people.

Keith Redpath
