## Report by the Acting Director of Social Work Services

Health Improvement & Social Justice Partnership: 17 May 2006

---

**Subject: Leven Cottage**

### **1. Purpose**

- 1.1** To update the Partnership on the closure of Leven Cottage as a residential care home.

### **2. Background**

- 2.1** The Health Improvement and Social Justice Partnership previously agreed the closure of Leven Cottage on 24<sup>th</sup> August 2006. The closure decision was subject to further consultation and this process of consultation was carried out with residents, carers and staff.
- 2.2** Nine of the eleven residents were placed in other homes.
- 2.3** The two remaining residents did not agree to alternative placements and remained within the unit.
- 2.4** On 12 April 2006 the Social Justice Committee of the Council agreed to dispose of Leven Cottage and approved the sale of the unit and the site to a local housing association – Cordale Housing Association. A copy of the report is attached as Appendix 1.
- 2.5** The date of 12 April 2006 was also the date accepted by the Care Commission for the deregistration of Leven Cottage as a residential care home.
- 2.6** The terms of the sale include an expectation that Cordale Housing Association will develop the site for housing, including 5 very sheltered housing units.
- 2.7** The sale also included the expectation that alternative arrangements for the care and support of the two remaining residents would be agreed between them and Cordale Housing Association and the Council.
- 2.8** As tenants of Cordale Housing Association the older people still living in Leven Cottage can attract benefits to fund housing support services.
- 2.9** The Council has commissioned home care services and installed community alarms and NHS community based nursing staff have agreed to provide key health services. This combination of care and support can allow the two older people to retain their independence within Leven Cottage. These arrangements will be reviewed on a regular basis. It should be noted that the Council is not providing nor funding 24 hour care.

- 2.10** The available resources from Leven Cottage savings can be directed towards the five new beds within the Mount Pleasant home. The closure of Leven Cottage also releases management time to devote to opening up this new resource.

### **3. Financial Implication**

- 3.1** Since November 2005 limited residential staff cover has been needed to care for the two residents. Within two weeks of the de-registration of Leven Cottage residential staffing was ended and replaced by commissioned home care services.
- 3.2** The costs of commissioned home care services will be £32,000 on a full year basis.

### **4. Personnel Implications**

- 4.1** Most of the staff from Leven Cottage have been offered posts in other units; 3 are in supernumery positions, 3 are on long-term sick leave and one member of staff will be relocated under Disability Discrimination Act conditions.

### **5. Conclusion**

- 5.1** Leven Cottage has closed as a residential unit. The two residents who did not accept alternative residential placements are now receiving care and support services which address their needs.
- 5.2** The proposed development will create additional sheltered housing capacity in line with the Partnership's balance of care goals.
- 5.3** Additional capacity of 5 beds in Mount Pleasant care home can be realised.

### **6. Recommendation**

- 6.1** The Partnership is asked to note the report.
