ORDER OF BUSINESS

141 In terms of Standing Order 6, the Council agreed that the Order of Business be altered in that the Motions relating to the Vale of Leven Hospital and the Tontine Area of Renton be taken at the commencement of the meeting.

MOTION – VALE OF LEVEN HOSPITAL

142 A motion on the Vale of Leven Hospital was submitted by Councillor McLaughlin in the following terms:-

143 The announcement yesterday from the Argyll & Clyde Acute Trust to transfer emergency, major and some intermediate surgery from the Vale of Leven to the RAH in Paisley is a major blow to the Vale of Leven Hospital and the people of this area.

144 This decision will in effect render the only Accident and Emergency Unit, covering a sizeable area to a Minor Injuries Unit, unable to deal with major trauma and accidents and will ultimately affect the survivability of patients requiring urgent medical care in this area.

- 145 This Council not only denounces the decision to transfer these types of surgery but also condemns the manner in which it was taken as it has become clear that the Board delayed the final decision until after the election, when no Councillor serves on the Board. The NHS Board then rammed through the contingency proposals at its meeting on Monday before any Councillor could be elected from this Council to serve on the Board.
- 146 The complete absence of any form of consultation on this matter shows a considerable disregard for the patient led service that users are supposed to enjoy.
- 147 This loss of a full time surgically capable A&E Unit at the Vale of Leven Hospital will jeopardise the survivability of any patient involved in an RTA or major trauma in this area. Any such person will now be taken directly to Paisley adding a minimum of 20-30 minutes on to any ambulance journey.
- 148 The added difficulty of this additional journey time is quite clear but is further compounded by the insufficient ambulance cover to transfer patients in emergencies.
- 149 According to the figures from Argyll & Clyde the transferring of the various surgical operations will see 2,000 cases now handled at the RAH. This equates to an average incident or surgical ambulatory transfer of 5 patients per day as emergencies – contrast this with the fact that there are only 2 ambulances that are on duty at the Vale of Leven – even less cover at night and weekends.
- 150 This Council therefore agrees to instruct the Chief Executive to immediately contact the Argyll & Clyde NHS Board and request that the implementation of the contingency plans are delayed with immediate effect.
- 151 Furthermore, this Council instructs the Chief Executive to arrange a meeting with the NHS Board, MP, MSP, Councillors and other patient groups to discuss any changes to the A&E provision within the Vale of Leven area.
- 152 This Council also agrees to establish a Hospital forum to monitor the provision of existing and future services throughout West Dunbartonshire to ensure that the people of West Dunbartonshire receive the best possible medical provision.
- 153 Councillor McLaughlin was heard in support of his motion, which was seconded by Councillor Young. Councillor McLaughlin pointed out however that the issue had moved on since the motion had first been submitted for the consideration of Council. He therefore requested that the Council establish a Forum to take this issue forward, whether as part of the formal Committee system, or on a more informal basis.

154 Councillor Flynn was heard in respect of the concerns felt about the cuts in
service at the Vale of Leven Hospital and it was suggested that the Chief
Executive discuss this issue with both Groups on the Council and report back
to Council, and that meantime, Councillors Flynn and McLaughlin should meet
independently to discuss the matter.

155 The Council agreed accordingly.

MOTION – TONTINE AREA OF RENTON

156 A motion was submitted by Councillor Bolla in the following terms:-

157 This Council in recognising the petition submitted from the Tontine area
of Renton agree to the following:-

158 Council officers begin discussions with the Tenants regarding their
request.

159 The Council agrees to fund 50% of the costs of the Independent advice
that Tenants will require.

160 Council agrees, in principle, subject to a ballot of Tontine Tenants, to a
tenant led stock transfer if this is the preferred option.

161 Councillor Bolla moved and was heard in support of his motion, which was
seconded by Councillor Brogan.

162 The Chief Executive advised that subsequent to the issue of the
Agenda, he had received a letter from a resident of the Tontine Area of
Renton expressing concerns about the Petition in that the resident's
name had appeared on the Petition, although such resident had not
signed it. He advised that, owing to the timescale, he had been unable
to investigate the position at the time but felt it important to bring it to
the attention of Council.

163 As an amendment, Councillor Flynn, seconded by Councillor O'Sullivan,
moved that the Council do not support the motion.

164 On a vote being taken, 17 Members voted for the amendment and 2 for the
motion. The amendment was, accordingly, declared carried.

- (a) that the Strategic Policy Group should comprise not only Labour Members but should have a political balance in accordance with the existing political balance of the Council;
- (b) to the establishment of a Tendering Committee but not the breakdown of membership proposed;
- (c) to continue the Standing Orders for a period of 6 months and thereafter review them;

- (e) that the Leader and the Depute Leader of Council should require to be elected on an annual basis.

173 Councillor Bollan suggested an addendum to the amendment by Councillor McLaughlin, as follows:-

- (a) that the Open Forum should be up to a maximum of one hour rather than 15 minutes;
- (b) that under Standing Order 6(a)(viii), motions from elected Members, due notice of which had been given, should be considered at every meeting of Council;
- (c) that the Audit and Performance Review Committee should be held on an 8 week cycle rather than quarterly, as proposed.

- 178 As an amendment, Councillor McLaughlin, seconded by Councillor Young, moved that the previous version of Financial Regulations referred to in Table 3.1 of the report had been stated incorrectly and that the current position as agreed at 30 January 2002 should stand and, as a result, the report should be altered accordingly.
- 179 On a vote being taken, 4 Members voted for the amendment and 17 for the motion, which was accordingly declared carried.

COMMITTEE REMITS

- 180 A report by the Chief Executive was submitted proposing remits for the Committees in the new Council structure.
- 181 Councillor Calvert, seconded by Councillor White, moved that the Council agrees:-

 - (b) that the membership arrangements for the Community Participation Committee be as the former Community Initiatives Committee, pending the Decentralisation Review and that the Strategic Policy Group membership arrangements be as decided earlier in the meeting;
 - (c) the draft committee remits; and
 - (d) to review these remits as required.
- 182 As an amendment, Councillor McLaughlin, seconded by Councillor Young, moved that the new structure was overcomplicated and, accordingly, that it be reviewed in 6 months' time but that, meantime, consideration be given to re-establishing an Education Committee with full powers.
- 183 On a vote being taken, 4 Members voted for the amendment and 17 for the motion, which was accordingly declared carried.

COMMITTEE TIMETABLE TO DECEMBER 2004

- 184 A report by the Director of Corporate Services was submitted requesting approval of a proposed timetable in respect of meeting dates of West Dunbartonshire Council and its Committees.

- 188 It was also proposed that until further notice meetings that would ordinarily take place in the Chambers at the Town Hall, Clydebank would now be held in the Lesser Town Hall, Clydebank and that Council meetings scheduled to be held in Garshake Road, Dumbarton would, in future, be held in the Municipal Buildings, Dumbarton.
- 189 As an amendment, Councillor McLaughlin, seconded by Councillor Young, moved that all scheduled Council meetings should be held in the Council Chambers, Garshake Road, Dumbarton, these premises being more accessible and more suitable for accommodating large numbers.
- 190 On a vote being taken, 3 Members voted for the amendment and 17 for the motion, which was accordingly declared carried.

- 199 Council notes that, in light of the overwhelming electoral mandate received by the Labour Administration on 1 May, the previous SNP-led Administration's financial commitments have rightly been reviewed.

- 204 As an amendment, Councillor McLaughlin, seconded by Councillor Young, moved that the Council should not review the budgets but that they should remain unchanged.
- 205 Having heard the Head of Legal and Administrative Services advise that only officials could take decisions on projects, it was agreed that the table of proposals should be adjusted to show that decisions on other projects would require to be delegated to the Director of Social Work and Housing Services, in consultation with the Housing Convener.

209 Further, that following the overwhelming support given by the voters to the Labour Party on 1 May, this Administration will now show the Leadership that the community of West Dunbartonshire deserves. In the attached Strategic Policy Statement we set out our vision for the development and improvement of public services for the people of the area over the next four years.

210 The effect of the implementation of these pledges will be to improve the quality of life for all our citizens, wherever they live and whatever their circumstances. Our priority is to see continuous improvement in frontline services for the public, in our communities, in our schools and in our environment.

211 The Labour Administration is committed to ensuring, with the overwhelming mandate we have received, that the Council taxpayer is put first. The policies set out in our programme for the coming four years, we believe, are the right ones to help achieve that goal. (As shown as Appendix VI to these minutes)

220 After two years of delay and diversion, this Council welcomes the
opportunity to start the regeneration of our schools in earnest.

221 Despite 125 meetings held by the former SNP-led coalition not a single
brick has been laid and there has been no positive proposal to tackle
the increasing dilapidation of our schools.

222 This Labour Administration will now make the tackling of this issue our
number one priority.

223 The Chief Executive is, therefore, instructed to prepare an Outline
Business Case for consideration by the Council as soon as possible.
The Outline Business Case will be submitted to the Scottish Executive
for funding under the Public/Private Partnership Initiative.

224 The Council also agrees that meetings will be held with interested
parties to keep them informed of the progress of the work and to agree
the nature of consultation on the detailed plans for schools once the
Outline Bid is submitted.

225 The Council also instructs the Chief Executive to report further to
Council in due course on the use of other funding mechanisms,
including the School Improvement Fund and the Prudential Borrowing
regime to ensure that West Dunbartonshire can benefit from a
comprehensive programme of improvement for schools over the
coming years.

226 As an amendment, Councillor McLaughlin, seconded by Councillor Young,
moved:-

227 That as the Council has already given specific instructions in relation to
the Regeneration of the School Estate, the Chief Executive be asked to
revert to those original instructions.

228 That the Council has grave reservations in respect of the contents of
the Outline Business Case, to be submitted to the Scottish Executive
for funding under the Public/Private Partnership Initiative (PPP).

229 Councillor Bollan suggested that the following form an addendum to the
amendment by Councillor McLaughlin as follows:-

230 That the Council should not take a decision to now go down the route of PPP, but to have a public referendum of the people of West Dunbartonshire.

231 Councillor McLaughlin, with the agreement of his seconder, agreed to accept this as an addendum to his amendment.

232 On a vote being taken by way of calling the Roll, 3 Members (namely, Councillors Bollan, McLaughlin and Young) voted for the amendment and 17 Members (namely, Provost Macdonald and Councillors Agnew, Bootland, Calvert, Casey, Devine, Duffy, Flynn, Maceira, McAllister, McCallum, McColl, McDonald, McNair, O'Sullivan, Rooney and White) voted for the motion, which was accordingly declared carried.

- 293 That Council notes with concern the situation in regard to the Director's report on grants. Council agrees recommendations 4.2 (a)-(c) as follows as these grants can be paid within the budget allocation i.e. approve the officer recommendations made on the applications for (a) General Grants (totalling £7,300), (b) Community Council Grants (totalling £7,638) and (c) the Dumbarton Common Good Fund (totalling £58,672.49).
- 294 In regard to local grants, Council instructs the Director of Corporate Services to prepare a report for the August meeting of the Council. This report should encompass options to deal with the potential overspend on the Local grants budget and provide recommendations as to how the 2003/2004 local grants expenditure may be contained within the budget provision.
- 295 In the meantime, Council instructs that no further grants shall be paid out of the local grants budget until consideration of the report in August. However, should any organisation find itself short of funding for staffing costs, or other relatively low cost issues, between now and then, the Director may consider interim funding following consultation with the Leader of the Council and the Convener of Corporate Services.
- 296 In view that all grants, large and small, are now under review for the remainder of this financial year and the future, the Director should advise all appropriate organisations in terms of the Council's legal and other responsibilities.
- 297 As an amendment, Councillor McLaughlin, seconded by Councillor Young, moved that the Council:-
- (a) approve the officer recommendations made on the applications for General Grants (totalling £7,300), Community Council Grants (totalling £7,638) and the Dumbarton Common Good Fund (totalling £58,672.49);
 - (b) approve the officer recommendations for local grants resulting in an overspend of £85,076 (once payment of the Dumbarton Citizens' Advice Bureau Service Level Agreement is made).
 - (c) agree that further applications for local grants be accepted this financial year and be determined on their merit.
